

Qualified Air-Conditioning Installer

Orange, NSW | Full-time

We are seeking a **Qualified Air-Conditioning Installer** to join our growing team based in **Orange, NSW**. This role focuses on the installation of residential and light commercial air-conditioning systems, with consistent local work throughout the Central West.

You'll be installing quality systems from leading brands including **Daikin, Actron, Brivis, and Rinnai**, working alongside a supportive and experienced team.

Responsibilities

- Install split system and ducted air-conditioning systems
- Residential and light commercial installation work
- Interpret plans and specifications accurately
- Ensure installations meet manufacturer specifications and Australian Standards
- Commission and test systems on completion
- Maintain clean, safe, and professional worksites
- Liaise professionally with customers and builders
- Complete job paperwork and compliance documentation

About You

- Trade qualified in Air-Conditioning & Refrigeration (or Mechanical Services)
- Current **ARCTick (RAC01)** licence
- Current **NSW Driver's Licence**
- Proven experience installing split and ducted systems
- Experience with **Daikin, Actron, Brivis, Rinnai** or similar brands
- Strong attention to detail and workmanship

- Ability to work independently and as part of a team

Desirable (but not essential)

- Electrical disconnect/reconnect
- Working at Heights Card
- Experience working on new builds and renovations

What's On Offer

- Competitive hourly rate based on experience
- Overtime available
- Fully equipped work vehicle, tools, and uniform
- Consistent, local installation work
- Long-term job security
- Training on new products and systems

How to Apply

If you're a skilled technician looking for stable, local work in the Orange region, we'd love to hear from you.
