

Qualified Refrigeration & Air Conditioning Service Technician

Location: Orange, NSW & surrounding areas

Employment Type: Full-time (or negotiable for the right candidate)

About the Role

We are seeking a **qualified Refrigeration & Air Conditioning Service Technician** to join our growing team based in **Orange, NSW**. This role involves servicing, diagnosing, and repairing residential and light commercial heating and cooling systems across the Central West.

You'll be working with leading brands including **Daikin, Rinnai, Bravis, and Actron**, delivering high-quality workmanship and excellent customer service.

Key Responsibilities

- Service, fault-find, repair, and maintain split systems, ducted systems, gas heating, and reverse-cycle air conditioning
- Work on residential and light commercial systems
- Diagnose electrical, mechanical, and refrigeration faults
- Carry out preventative maintenance and breakdown repairs
- Communicate clearly with customers regarding issues, solutions, and recommendations
- Complete job documentation accurately and on time
- Maintain a clean, safe, and professional work environment
- Comply with WHS and industry regulations at all times

About You

- Trade qualified in Refrigeration & Air Conditioning
- Current **ARCTick (RAC01)** licence

- Current **NSW Driver's Licence**
- Strong experience with brands such as **Daikin, Rinnai, Brivis, and Actron** (or similar)
- Solid fault-finding and diagnostic skills
- Good communication and customer service skills
- Ability to work independently and manage your own jobs
- Pride in your workmanship and professionalism

Desirable (but not essential)

- Gas fitting licence
- Electrical disconnect/reconnect
- Experience in regional or remote service work

What We Offer

- Competitive hourly rate based on experience
- Fully equipped service vehicle, phone, and tools
- Consistent local work – minimal overnight travel
- Supportive team environment
- Ongoing training and exposure to leading HVAC brands
- Long-term job security in a growing business

How to Apply

If you're a skilled technician looking for stable, local work in the Orange region, we'd love to hear from you.
