

2024

ANNUAL REPORT

Family Connections has the honor and privilege to offer services that impact Montana's future by helping children, families and providers thrive. We are a Child Care Resource & Referral agency providing services to 23 counties. Our staff works with early childhood professionals to expand the availability of child care and support child care businesses. We offer financial assistance & referrals to families to access child care that meets their needs and provides quality educational experiences for children.

Services To Families

Family Connections helps families find child care and provides financial assistance through child care scholarships. We also offer Ready Resource supplies and program referrals. All services are offered to families who are employed, going to school, seeking employment, experiencing homeless, providing foster care, tribally located, receiving TANF, working caretaker, and those with a family member who has a disability or families who have a child with special needs.

Families Assisted in 2024:

Child Care Referrals - 210

Child Care Scholarships - 785
