A GUIDE TO MAQCS FOR FAMILIES

Families access their MAQCS portal the same way providers do, by creating an OKTA account. Parents will then select the application “HHS MAQCS BBS PARENTS.” If a family has applied previously, they will need to reach out to their case worker for their CS and PS number to register.

SUBMITTING AN APPLICATION

1. Upon accessing the portal, parents will have the option to apply or review their current case.
2. Parents will have the option to start a new application. If recertifying, they can select a renewal application.
3. After filling out the app, parents will need to upload supporting documentation. If additional documentation is requested you will need to reopen your application and submit it again with the information.

CHANGING/SELECTING A PROVIDER

1. Once a parent is logged in, they will want to select “My Authorization Plans”
2. Each child will be listed separately.
3. They will need to use the drop down arrow for each child and select “View”
4. This will give parents the option to choose a child care provider or request a change in child care provider.

BASIC ELIGIBILITY REQUIREMENTS FOR THE CHILD CARE SCHOLARSHIP

- Family must be residing in Montana
- Children must be US Citizens for their child care to be covered
- Family must be using a licensed, registered or FFN/RCE child care provider
- Family must meet activity requirements
- Family must meet income guidelines
- Family must meet child support guidelines for any child in the household under the age of 18 with an absent parent

FREQUENTLY ASKED QUESTIONS

1. How many hours are half-time and full-time?
 - a. Half-time hours are 25 hours per week or less. Full-time hours are 26-50 hours per week.
2. Will the BBS still pay for the whole month regardless of attendance?
 - a. Yes. If approved, the scholarship pays for attendance slots for the whole month if the child attends at least once during the month.
3. Can the scholarship pay a back up provider or use of additional occasional providers?
 - a. Care can only be set with one provider for a full-time slot or a part-time slot. Parents with full-time can select one full-time slot or 2 part-time slots only.
4. What if a family gets everything in on the 20th of the month and wants to start their care on that date? Will it back date to the 1st?
 - a. BBS will start paying for care as of the 1st of the month in which all eligibility requirements are met and items are submitted.

A MESSAGE FROM FAMILY CONNECTIONS:

Family Connections believes all children deserve a successful future. Our mission is to utilize the strength of community to support exceptional early childhood experiences. We created this resource guide to help families access services and programs that support them. In this guide, you will find a listing of community resources that offer valuable services and enriching early experiences essential to the success of children and families. Whether you are a parent, family member, or friend; we encourage you to share this guide. We are aware that communities may have additional resources not included in this guide or that over time contact information may change. This information was garnered from our partners and their online resources. Please feel free to share additional resources or updates to: fcinfo@fc406.org

VROOM TIP!

Pick a color or letter with your child and together go on a scavenger hunt to find as many things as you can in three minutes. How many things in the house are blue? Count out loud together as you find each item. You can also play with letters: How many things do you see that start with T?

"I Spy" games like this one are great brain builders!

THE SCHOOL READY CHILD!

It's all about relationships...
with themselves, their family,
and their community.

How do children become school ready? That is a big question! It involves more than just turning 5-years-old. It begins before birth with good neonatal care and continues after birth with supportive relationships with families and caregivers. Young children acquire social and emotional skills, foundational knowledge, and dispositions necessary for success in school and beyond through caring connections, early experiences and a ton of play!

Children are not innately “ready” or “not ready” for school. Their skills and development are strongly influenced by their families, through their interactions with other people, and their environments.

Being a school ready child means having the skills, knowledge, and attitudes necessary for success in kindergarten, later learning, and life. This includes all domains of development – physical, social and emotional, language, literacy, and cognitive.

Just as it takes all the ingredients to have a cake turn out tasty, it takes all essential ingredients to be school ready. Supportive families, communities, and schools.

What does a school ready child look like?
