UPGRADE

MILK REPLACER

BiG 30/32 Milk Replacer with Bovatec and ClariFly

Way, way more energy and nutrients than your typical 20/20 milk replacer. BiG 30/32 Milk Replacer has a fatty acid profile and osmolality close to whole milk; resulting in less digestive upsets, increased health and more growth.

50 lbs. ***New!***\$116.50 \$1.46 per 2 qt. feeding (10 oz.)

When you feed **20/20 milk replacer**, you're basically feeding your calves **2% milk.**

2.2% protein, 2.2% fat. (8 oz. in 2 quarts)

If all you had to eat in the winter cold was **2% milk twice a day**,
how do you think you would fare?

BiG 30/32 Milk Replacer whips up something far more nutritious:
4.1% protein and 4.3% fat. (10 oz. in 2 quarts)

Feed your calves something more **substantial.**
Feed them **BiG 30/32 Milk Replacer.**

Have you picked out your DIPtober samples yet?

Ask your Route Supply Rep for details! Check out DeLaval's newest teat dip, Titan!

- Dip or spray
- Dual germicide
- Competes with 1% Iodine
- Superior skin conditioning
- Quick 15 min. dry time
- High visibility green
