

# Personal Lawn Care, Inc.

P.O. Box 9 Brunswick, TN 38014 TN CH# 173

## Service Note

### Fescue Care

Technician Name: \_\_\_\_\_

Today, \_\_\_\_\_, we performed the following services:

- \_\_\_\_ Fertilization to maintain healthy growth and strengthen the root system
- \_\_\_\_ Weed Control for existing broadleaf weeds.
- \_\_\_\_ Plant Health Fungicide – disease control for fescue lawns, aids establishment of new seedlings.
- \_\_\_\_ Light to moderate leaf coverage is NOT a problem and does not reduce the effectiveness of today's service. Wait until after rainfall or watering to rake or remove and bag the leaves. Mulching leaves (not side discharge) with a lawnmower may be done at any time and does not require watering before mowing.

**When can I expect to see results?** Control of existing weeds may take 21 days or longer although changes may be visible in as little as 5 to 7 days.

#### What To Do Next:

- Please keep pets and people off sprayed areas until dry, usually about 1 hour.
- Water 15-30 minutes in each area if rainfall is not forecast within the next few days. Watering moves the fertilizer into the soil.
- Mow as needed. If it hasn't rained and you wish to bag the clippings, please irrigate if possible. Don't want to water? Then please MULCH leaves and clippings.
- Fescue lawns need about one inch of rainfall or equivalent watering, per week, even during the winter.
- NEVER mow fescue lawns short – ALWAYS mow at 3" or taller.
- Note: slight discoloration of the turf may occur when spot treating certain weeds. This is temporary and the discoloration usually fades by the time of the second mowing after service.

**Client Portal:** View your account and make payments online. Visit [PersonalLawnCare.com](http://PersonalLawnCare.com) and click "My Account." To create or access your account, enter your Client ID (found on the upper right section of your invoice.) For assistance, please call our office.

**Trip Charge:** For clients that have 1) requested that Personal Lawn Care call or text before service and 2) have approved a certain date and/or time for service, if we are unable to perform the application(s) due to locked gate, pets in the lawn, etc. a \$35 Trip Charge may be added before rescheduling service. To avoid this, please ensure that your gate is unlocked and your pets are secured.

**Touchup Policy:** Weed control applications are warranted for 30 days after service. Touch-ups between applications are provided (if needed) at no charge for clients who have selected the PLC Preferred Service Plan. For clients with reduced service plans, touch-ups requested after the 30-day warranty period will be available, but there may be a charge for the application.

***Thank you for the opportunity to service your lawn! Please let us know if there are any questions.***
