The value of this Ring is based on a comparable used item of similar vintage and utility. For the intended use of this report and chosen value type, the sales comparison approach to value was utilized by analyzing anticipated wholesale costs of materials and labor to which was applied the modal markup to retail. Due to the quality, condition, and relative ranking of this item within its class, the relevant market chosen was the primary retail, brick and mortar, single-store level of the gems and jewelry trade. The overall value trend in that market within reasonable proximity to the valuation date was generally stable.

Table with 2 columns: Description and Value. Rows include Replacement Value (\$4,625.00), Sales Tax 8.25% (\$381.56), and Replacement Value Including Tax (\$5,006.56).

FIVE THOUSAND SIX DOLLARS AND FIFTY-SIX CENTS
