CHRISTMAS & WINTER

MENU GUIDE 2025

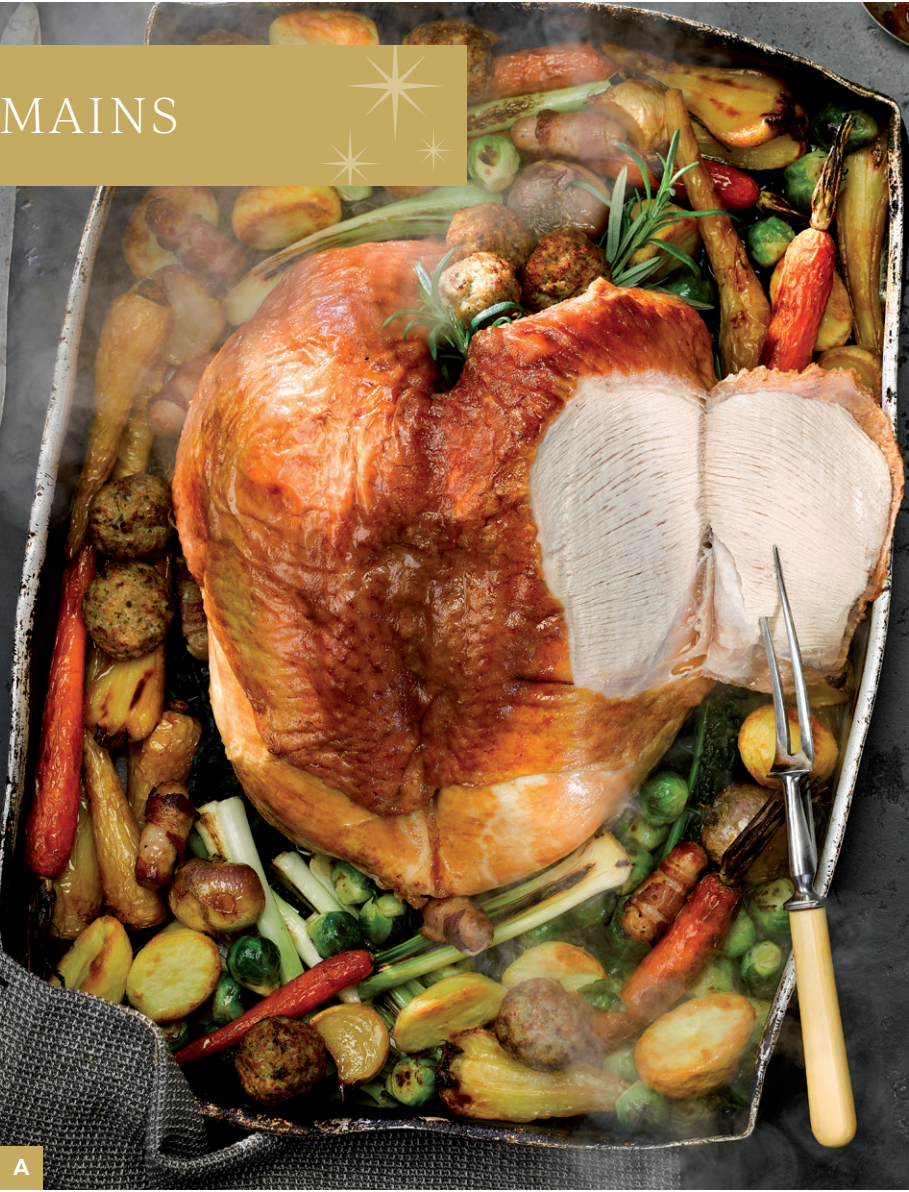

WELCOME TO OUR CHRISTMAS & WINTER MENU GUIDE 2025

In the spirit of Christmas, we wanted to collect a range of products that would be perfect for all your festive menus and the build-up of parties, gatherings and festivities leading up to the big day.

This guide contains traditional favourites from the butchery, luxurious seafood, exotic starters and buffet options, vegan alternatives, sides and accompaniments, spectacular desserts, an array of fine British and Continental cheeses and beautifully roasted after dinner coffees.

Perhaps most importantly, our Christmas range has been selected with a balance of both quality and value in mind. If we can be of any assistance in planning your Christmas functions, please don't hesitate to ask.

POULTRY

A Fresh Raw Turkey Butterfly

Butterflied turkey breast joint of all muscle meat enables the entire product to be used with no wastage, accurate portion control and quick to serve for large numbers which comes prepared ready for roasting. It is fresh, requiring no defrosting, and vacuum packed for a good shelf life when unopened. Being boneless makes it easy to carve, and the skin-on presentation gives it a natural look. It provides great value per portion, delivering excellent margins, and is made of good quality meat with a satisfying taste and texture. Composed of 100% white breast meat with no added water, it ensures a good cooking yield and no wastage. Approximately 4-6 kg. *Tican*.
