Berthage Rate Adjustment (January 2025)

The DHPA is implementing a Home Port vs Visiting Vessel fee structure effective Jan 1, 2025. Using 2024 berthage data, the most frequent users of the facility will be designated as Home Port users. Other Transient users (visitors) will be subject to a berthage rate premium. The status of an owner and vessel will be reassessed annually using the previous year's data for the billing cycle starting January of the current year.
