

BOS-UP Moments® + Elevate the Moment Workshop

Own your moments

Great execution does not happen in a single breakthrough. It is built in the small, intentional choices people make every day. BOS-UP Moments, authored by Scott Abbott, founder of BOS-UP, is a modern leadership field guide built around 40 focused Moments, each with an interactive video, reflection prompts, and real-world application. here2elevate brings it to life through the Elevate the Moment workshop, a facilitated experience designed for mixed teams at every level of the organization. For many teams, this is where the development journey begins.
