VISION | PEOPLE | EXECUTION

Are you the ambitious owner of a **Small** or **Midsize Company**? Do you want to optimize your best vision, productivity, and results? If yes, **BOS-UP®**, in partnership with **Ninety®**, can help. Together, through the cohesive fusion of coaching, consulting, and technology - we empower leadership teams to build, run, and scale successful and resilient companies. We do so by helping you learn, implement, and benefit from an innovative, custom-tailored **business operating system (BOS)**.

Founded in 2016, Ninety (90) is a venture-capital backed software company, supporting over 13,000+ organizations, 250K+ users, in 50+ countries with their cloud-based (SaaS) business operating system. BOS-UP, in partnership with our authorized coaches - specializes in the teaching, customization, and implementation of 90, along with business and executive coaching, consulting, and support services.

Primary Benefits with a BOS-UP/90 Solution -

- Clarify, validate, and harness the **9 Core Competencies™**
  that frame, guide, and generate high-trust performance.
- Formalize a clear and concise vision and operating structure.
- Set, track, and ensure realistic measurables (i.e., OKRs & KPIs).
- Keep everything under control, using shared goals and values.
- Define and streamline operations, performance, and processes.
- Establish and verify roles, accountabilities, and responsibilities.
- Maximize meeting effectiveness, communication, collaboration.
- Minimize distractions and issues; boost focus and productivity.
- Incorporate and apply the practical use of AI strategies & tools.
- Leverage complementary programs & services from your coach.

The BOS-UP Programs

Starter: (1 all-day workshop or for peer group cohorts)
Using our interactive Guidebook, you will learn the main features, functions, and benefits with 90, while simultaneously setting up and customizing your account, so that you can use it immediately.

Builder: (3 all-day workshop sessions, over 60-90 days)
Together with your BOS-UP Coach you will learn and implement your customized 90 solution - along with the essential concepts, tools, and disciplines needed to run, build, and scale a great company.
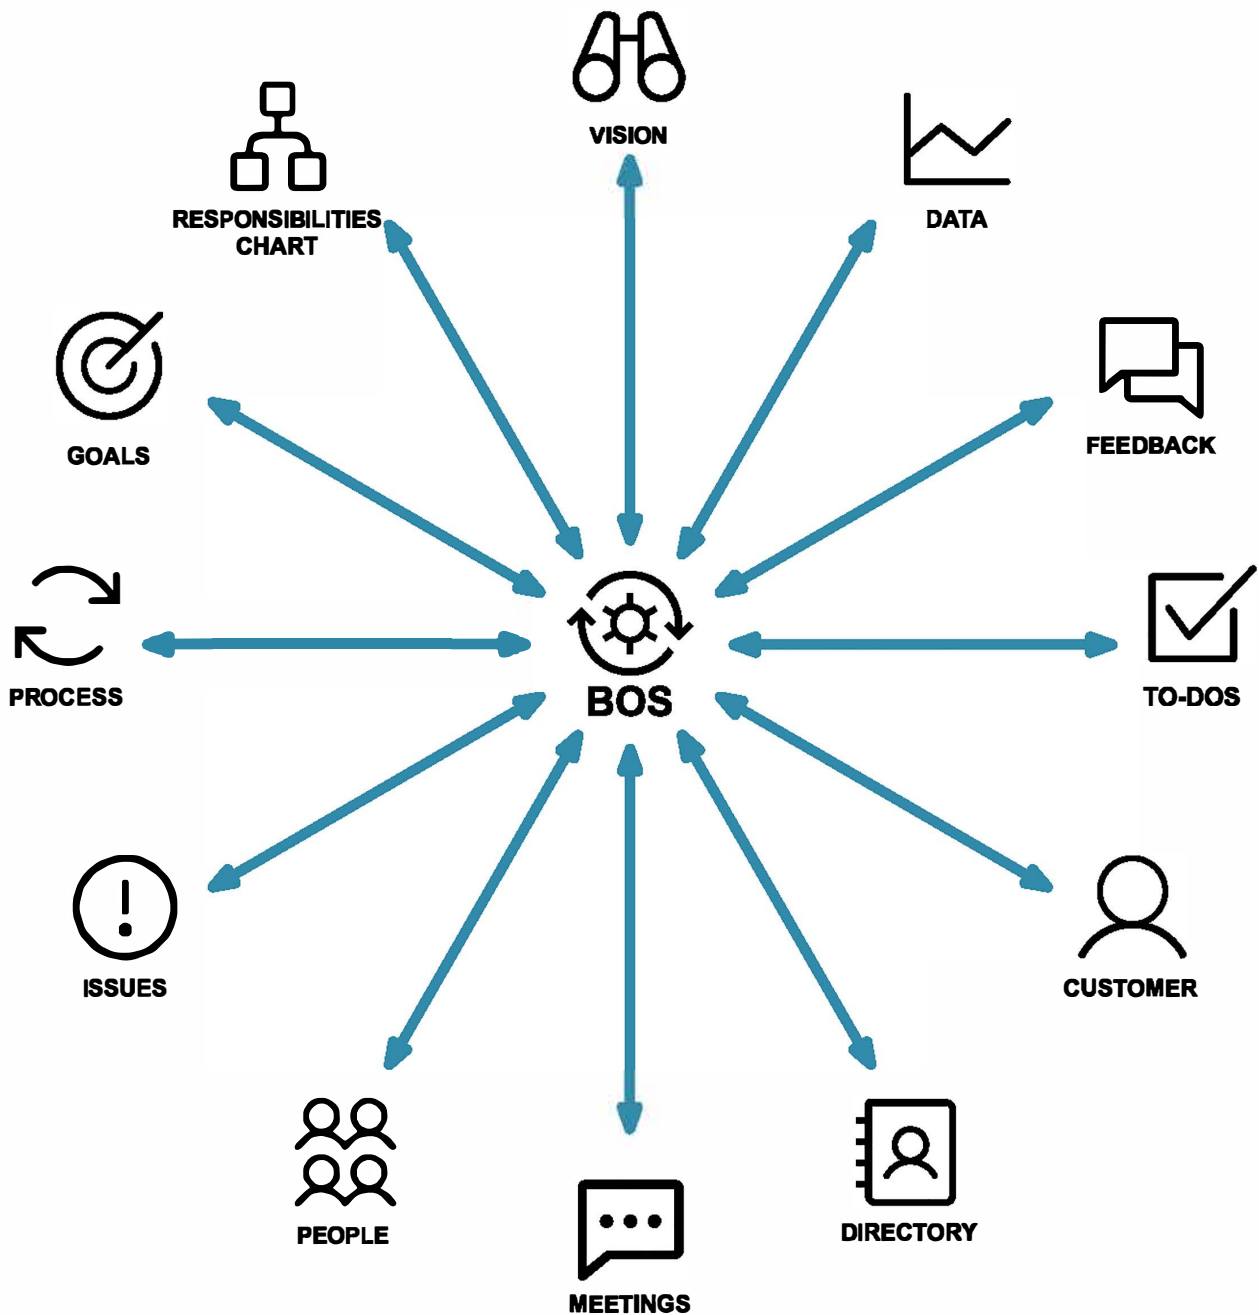

Scaler: (7 all-day workshop sessions, over 10-13 months)
Includes all the elements from the Builder Program, as well as 2 all-day Quarterly Sessions, a 2-day Annual Session, and 1-1 business and executive coaching, skills development, and team building.

If you are ready for a modern, flexible, and collaborative way to learn, implement, and benefit from an innovative, custom-tailored business operating system - that provides the essential concepts, tools, and disciplines to help you focus, align, and thrive in business, work, and life - we're ready to help.
