

# NEMARLUK SCHOOL

SAFE RESPECTFUL LEARNERS WORKING TOGETHER TO ACHIEVE THEIR BEST

## PRINCIPAL'S MESSAGE

**VIRG  
HUGHES**

### Dear Families,

Last week was busy with various activities some students attending the Activate Inclusion Sports day, Upper Primary Performance and year 6 students attending the V8's.

The school performance was fantastic a big congratulations to all students, staff, the performance team and Bethan our choreographer-dance teacher who works with us each year.

Early next term Tracey Kensey -Early Childhood Senior Teacher is taking long service leave and then retiring. I would like to acknowledge Tracey's long career in NT education- 35 years where she has worked in schools in very remote, remote, and urban across a variety of settings- primary/specialist schools and corporate. Tracey has been a Preschool teacher, Special Education Teacher, Early Childhood Advisor and currently as Early Childhood Senior Teacher. Thank you, Tracey, for your work supporting many Nemarluk students and families

over years, I wish you all the best for the future.

Next term I will be taking Long Service Leave for the first 4 weeks, Judy Morgan will step up as Principal during this time.

We have assembly on Thursday, I look forward to seeing you there for the final assembly of the semester.

Wishing all students, families and staff safe and happy holidays. Staff return on the 17 July and students return on Tuesday 18 July.

## ROOM 8 CHEMICAL SCIENCE

This term in our chemical science unit, students explored the cause-and-effect relationship of different solids, liquids and gases and their changing form. Students engaged in activities around how changes in state from solid to liquid and liquid to solid can be caused by adding or removing heat. They observed the interaction of bi-carb soda with vinegar to create a gas that inflates balloons and observed solids change into liquids in experiments, such as chocolate being melted with heat from a hair dryer. Students also chose from a variety of liquids such as water, oil, honey, tomato sauce, and milk and experimented what would be frozen after one hour, 2 hours and 24 hours. We had so much fun with these experiments this term!

## PRESCHOOL CHEMICAL SCIENCE

Preschool has been investigating chemical reactions through science experiments. We have made coloured volcanoes, clouds with blue rain, inflated balloons with bi-carb soda and vinegar, and explored melting ice. We have also been learning the terms solid, liquid and gas through play learning opportunities.

## SUSTAINABILITY

Calvary, Darcy and Samuel from Room 7 are learning about the water cycle and how water gets heated up and becomes gas, traveling to the sky and falls down again as rain or snow. They made a water cycle in a zip lock bag to observe how rain is made.

## MANUNDA 1

Our Manunda 1 satellite class won the trophy at Manunda's assembly on Tuesday for being the best class for lining up when the music goes at lunchtime.

## KARAMA ACTIVATE SPORTS

Karama attended Activate Sports Inclusion at the Netball Stadium. The boys had so much fun, participating in a variety of modified sports, from wheelchair rugby, T-ball, Zumba, AFL and netball! The boys enjoyed it very much.

## GOLD COAST SUNS

The Gold Coast Suns visited our students and had a small, fun training session on the oval. The students had an amazing time. We were also lucky enough to receive two sets of ALF tickets from Joel Bowden. Two of our students, Rosey and Johnny, were awarded these tickets for their continuous effort while in their sport class with Anthony!

## ESCAPE FROM MYSTERY ISLAND

That's a wrap to our 2023 Upper Primary Performance. Well done to all of the students and staff who put so much effort and time into making this performance possible. You all did absolutely amazing!! Nemarluk appreciates everyone's support. We raised over \$500, from donations and our food stall, which will be going towards our new smart pup Kelly.

## MILLNER GREAT BOOK SWAP

In term 3 Millner's Nemarluk Satellite classes will be fundraising for the Indigenous Literacy Foundation, including holding a Great Book Swap at Millner Primary School.

We're holding a Great Book Swap to support the Indigenous Literacy Foundation (ILF) to provide books and learning resources to children living in remote Communities across Australia.

The Great Book Swap is a fantastic way to celebrate reading locally, learn more about Indigenous languages and culture, and raise funds for a great cause. This year the ILF are aiming to raise \$150,000 to gift 15,000 new books to remote Communities.

You can show your support by making a donation to our Great Book Swap page and sharing it with your friends, family and community!

<https://edu.greatbookswap.org.au/millnerprimaryschools/greatbookswap>

You can also scan the QR code to donate. We appreciate your support!

We are fundraising for Lungkura house. Lungkura means blue-tongued lizard in Walmajarri, a language primarily spoken by people living in or on the edges of the Great Sandy Desert and parts of the East Kimberley region of Western Australia.

## VEGETARIAN FILO PARCELS

### Method

1. Defrost Filo naturally (ie. leave on the bench wrapped until defrosted)
2. Pre-heat oven to 180 degrees
3. Blitz the garlic, onion, celery, sweet potato and zucchini in a food processor until diced really small
4. Warm a good glug of olive oil over medium heat in a frying pan
5. Sautée blitzed vegetables
6. Blitz the mushrooms and add them to the sautéed vegetables, cook and stir over medium heat for 1-2 minutes
7. Add in the silverbeet and cook until it wilts. You may need to add a little extra olive oil or you could even add a good splash of bone broth instead
8. When the silverbeet is wilted, push the mixture right over to the side of the pan, then add the pine nuts. Stir them over the heat until they start to brown
9. Remove the pan from heat and mix the pine nuts through the vegetable mixture
10. Crumble Feta over the vegetable mix and then squeeze the lemon juice all over
11. Mix well but not so much that the Feta disintegrates. You still want little chunks of Feta
12. Melt about a tbspn of butter over medium heat, then remove
13. Gently lay out 1 sheet of filo and brush it with melted butter
14. Lay another gently over the top
15. Slice the filo into 3 strips
16. Place a heaped tbspn of the mixture on the top of one of the filo strips, then fold it over into a triangle, then fold it again the other way until the whole strip is used
17. Place on a lined baking tray
18. Repeat for the remaining mixture
19. Brush each one with melted butter and sprinkle with sesame seeds if using
20. Bake in the oven for 18-20 minutes or until golden
21. Allow to cool slightly on tray

### Ingredients

- 1 garlic clove
- ½ brown onion
- 1 stick celery
- ½ small sweet potato
- 1 small zucchini
- 3-4 good sized mushrooms
- Bunch of silverbeet (even if it's half dead), shredded messily
- 2 tbsps pine nuts
- 100g Feta crumbled (or use a good sprinkle of Nutritional Yeast flakes if you prefer)
- Juice from half a lemon
- 8 sheets of filo pastry
- Melted Butter and olive oil (if you wish to use dairy free, replace butter with olive oil)
- Sesame seeds (optional but they look fancy)

## Home Made Magnums

### Ice Cream Ideas

- leftover smoothie bowls
- banana nice cream (frozen bananas)
- easy vanilla ice cream (note - it uses condensed milk so it's quite sweet)
- use this homemade vanilla ice cream cake recipe

### Chocolate Ingredients

- 100g coconut oil
- 50g cacao powder\*
- 3 tbsps rice malt syrup\*
- 1/4 tspn vanilla powder
- pinch of salt (this enhances the chocolate flavour)

### Chocolate Method

1. Melt the coconut oil over low heat – you do not want this to be really hot
2. Take the oil off the heat
3. Add the other ingredients and stir in until smooth
4. Place back over low heat, and continually stir for about 8 minutes
5. Pour into a sterilised jar, then store in your pantry until ready

Do you want to know how to make homemade magnums?

I decided to try my hand at these one day when Indrani had made Berry Smoothie Bowls for breakfast and there was leftovers.

I put the leftovers into these mini ice cream moulds I got from The Wholefood Collective. Once they were frozen, I made some homemade chocolate and dipped the ice creams into it. And my homemade magnums were born.

I recorded a video of me making the chocolate for the members of our Kids Health Quest Members, so have included it in here for you too.

## NDIS

## Support Coordination

### YOUR PLAN, YOUR CHOICE

#### *What is Support Coordination*

Autism NT's Support Coordination is all about enhancing your ability to manage and direct your own services. At Autism NT our NDIS coordination team will tailor specifically to the needs of the NDIS Participant.

#### *We Listen to you*

Here at Autism NT we are all about you! We take the time to listen to what you need and link you with the right service. We will sit down with you and go through your NDIS Plan and discuss how we can make it work for YOU.

#### *Working with you to*

Autism NT will work with you and discuss your plan and goals with the amount of assistance required by us.

- **IDENTIFY** services and link you with service providers that best meet your individual needs
- **OBTAIN** quotes for services and any assessments required
- **NEGOTIATE** service agreements and when/where the services will occur
- **MONITOR** your plan-making any necessary adjustments

## ANT Connect

### EDUCATION ENGAGEMENT

#### *Client Centred*

Autism NT supports you, your child and their school to provide best practice, quality adjustments. We recognise the challenges of 'school refusal' for the family, student and school. ANT Connect wants to support engagement for wellbeing and education.

#### *Support all Stakeholders*

The ANT Connect program aims to support all stakeholders involved in your child's learning journey. We believe in a wrap around approach to set students up for success.

#### *Working with you*

- **Adjustment Advice** There is no one size fits all approach to accommodating an ASD student. We can assist you in building contextualised strategies.
- **Face to Face Support** Meet with our experienced staff to discuss your needs.
- **Engagement** Supporting the school and family to encourage student engagement.
- **Monitor** Supporting education plans by arranging, attending and advocating in adjustment plans.
