

NEMARLUK SCHOOL

SAFE RESPECTFUL LEARNERS WORKING TOGETHER TO ACHIEVE THEIR BEST

PRINCIPAL'S MESSAGE

**VIRG
HUGHES**

Dear Families,

I hope you are all well, I can't believe it is almost the end of term. We have had a busy term students' have engaged in different learning activities some of these are:

- Steam Show -Science
- Possum Magic performance
- Sports day
- Year 6 camp at Bachelor
- Book Week
- NTLC student commissioners received their shirts and participated in the a workshop with Forrest Parade students

Kelly has settled well into the school, and it is great to see students working with her.

Congratulations to Mia Dempsey and Riak Yolo who have been selected in the School of Sport Education NT (SSENT) 10-12 years Track and Field team for 2023. The team will travel to Launceston in November for the School Sport Australia Championships.

Exciting news we have finally had our Early Childhood playground approved it is estimated the works will being in the December / January holidays.

Last week we had 13 students who participated in the BEAT Festival, I am very proud of our students and what they have achieved.

Also last week I attended the National Australian Association Special Education conference - Better Together in Adelaide. The key themes for the conference were: Inclusive Practices, Leading Change, Curriculum Design and Delivery, and Student Wellbeing. It was a great opportunity to learn and connect with other educators.

Next term Glenys Stafford - Special Education Support Officer is taking leave and then retiring. I would like to acknowledge Glenys's long career in our school since July 1997 where she has worked in Pre School, Early Childhood and Upper Primary during her years here. Glenys has supported many students, families and mentored SESO's and teachers throughout this time. Thank you, Glenys, for your 26 years of service and commitment to this area of education supporting many Nemarluk students and families over the few years, I wish you all the best for the future.

We have assembly next Thursday, I look forward to seeing you there for the final assembly of the Term.

Wishing all students, families, and staff safe and happy holidays. Staff return on the 9 October and students return on Tuesday 10 October.

Chief Minister Assembly - 7/12
Week 10 Assembly - 14/12

BIRTHDAYS SEPTEMBER & OCTOBER

Brodie	Scarlett
Ethan	Troy
Jacob	Abel
Joss	Josiah
Kairi	Kai
Rochelle	Matilda
Ruby	Tatiana
Savvas	Zion

SCHOOL SURVEY

Thank you to all of our families who took part in our Parent Survey.

You have all been put into the draw to win a \$100 Coles Voucher which will be draw at next weeks assembly on Thursday.

ROOM 4

Room 4 has been learning through sensory play. Mixing shaving cream, flour, jelly, cornflour, water, and anything else that can get messy!

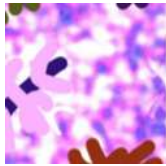

ROOM 12

Room 12 have been having a great time on Thursdays when we go on the bus to Henbury with other Year 6 students from Nemarluk. Senior Henbury students coach us in sports skills, we use the playgrounds and we all love the sensory room!

REDBUBBLE SHOP

NemGreenAnt Shop

NemGreenAnt is an independent artist creating amazing designs for great products such as t-shirts, stickers, posters, and phone cases.

Redbubble

As a means of celebrating student achievement in the visual arts program, and as a fundraising activity, Nemarluk School is opening an online art design shop with Redbubble.

<https://www.redbubble.com/people/nemgreenant/shop>

This will involve the use of selected student artworks, which will then be applied to a variety of products for sale. Nemarluk School will receive 25% of all sales profits.

SCHOOL SPORT NT

Well done to both Mia and Riak on making the School Sport Northern Territory Athletics Side. We hope you had a great weekend at the Northern territory athletics championships.

We will be holding a Free Dress Day and Sausage sizzle to assist the families in fundraising for Mia and Riaks Trip to Tasmania in November. Keep up the great work you two!

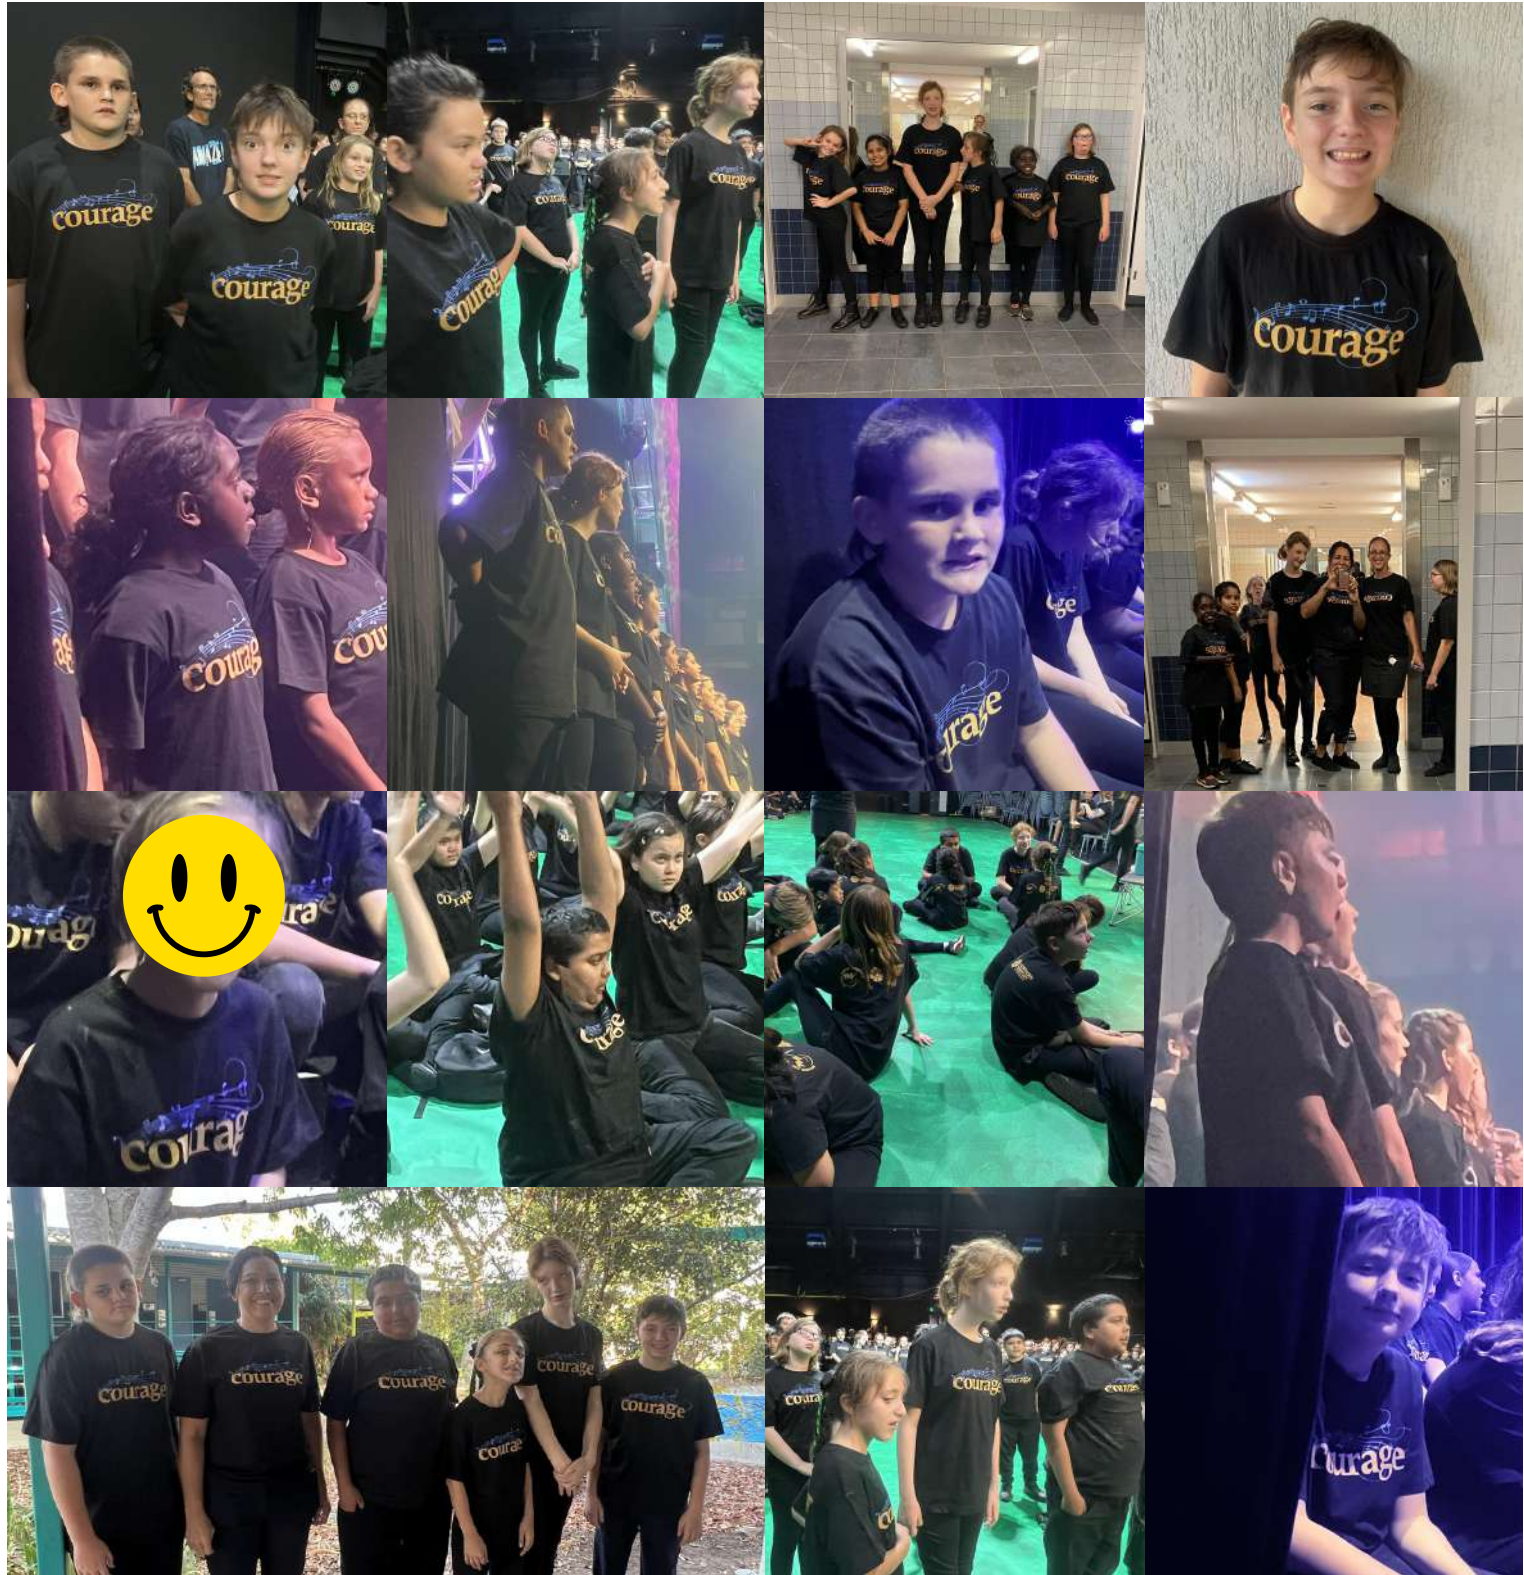

MILLNER NIGHTCLIFF JETTY

Millner 1 and Wulagi Satellite classes visited Nightcliff Jetty for a guided tour from Community Engagement Ranger, Natasha. Students observed and learnt about coastal erosion, causes and effects and the surrounding environment, including animals native to the area. We also learnt about the effect of weathering on rock formations and the different colours, shapes and patterns on rock that result. Students then enjoyed morning tea and play at Sunset Park. We had a great day making connections to classroom learning in the context of our world and enjoyed socialising with friends from different classes.

BEAT FESTIVAL

On Thursday the 7th of September, 13 of our students attended the BEAT Festival Performance. These students have been working very hard all year to ensure they were prepared for a night full of lots of fun and singing. They all did an amazing job and sung their hearts out. We are beyond proud and can't wait for the upcoming Choir events.

MILLNER BOOK SWAP

During Book Week in Term 3, Millner's Nemarluk Satellite classes hosted a Great Book Swap at Millner Primary School to raise money for the Indigenous Literacy Foundation.

The Indigenous Literacy Foundation (ILF) provides books and learning resources to children living in remote Communities across Australia.

The Great Book Swap is a fantastic way to celebrate reading locally, learn more about Indigenous languages and culture, and raise funds for a great cause. This year the ILF are aiming to raise \$150,000 to gift 15,000 new books to remote Communities.

Thank you to all students and teachers who contributed books, donations and came to visit our stall, bringing with them positivity and enthusiasm. We would also like to thank Joel Bowden for visiting our Great Book Swap and his support. It was a special day and we raised over \$200 (and counting!). We look forward to hosting a stall at Nemarluk School, to continue promoting and raising funds for the foundation.

We would like to give special thanks to a few families from both school communities, who contibuted large donations. Thank you to Aldrich's family (Nemarluk School), Delanna's family (Millner Primary School) and Mia's family (an ex-Nemarluk student). Your donations and generosity are greatly appreciated 😊

Finally, a very special thank you to our wonderful students who worked hard to promote, organise and help make the day run smoothly. Our students worked as a team and went above and beyond to help and support each other. Students welcomed classes, collected donations, helped students find books, kept the books/stalls neat and organised, handed out bookmarks and photographed the event, all with big smiles and lots of enthusiasm! It was a great success and we are so proud of all our students.

YEAR 6 CAMP

Back in August our Year 6's went on their annual Batchelor Outdoor Education Camp. They participated in activities like rock climbing, swimming, bike riding, archery plus many other small tasks. Everyone had the best time and the students were angels. This is always an amazing camp, we cannot wait until next year!!

BOOK WEEK

Here are some pictures from our Book Week Costume Parade at the week 6 assembly. Everyone looked so amazing and had the best time dancing their way down the runway. There were so many creative costumes so well done and thank you to the families who put in a lot of time and effort. You make these events that much better!!

2023 SCHOOL TERM DATES

Term	Start	Finish
Holidays	Saturday 23 Septemer	Sunday 8 October
Term 4	Tuesday 10 October	Thursday 14 December
Holidays	Friday 15 December	Tuesday 30 January 2023

GLENYS FAREWELL

Thank you, Glenys, for your 26 years of service and commitment to this area of education supporting many Nemarluk students and families over the few years, wishing you all the best for the future, you will be missed by everyone!!

Australian Childhood Anxiety TREATMENT STUDY

Free home-based assessment and treatment for

7 to 12 year old children with fear and anxiety disorders.

Does your child become very afraid of certain situations or objects, worry about a lot of things, get very distressed, or try to avoid things they fear?

About the study

Our team at Griffith University may be able to assist you. We are conducting a nationwide study that includes the following services at no cost to families:

- A thorough assessment of your child's anxiety with a trained psychologist via the telephone;
- Your child receiving one of two kinds of homebased treatments delivered on a PC, laptop or tablet; and
- Two follow-up telephone assessments with a trained psychologist 6- and 12-months after treatment to track your child's progress.

The study aims to find out if these two treatments are as effective as each other, and which children have the best response to each kind of treatment. This will mean that there are more evidence-based treatments available for helping anxious children.

About the treatments

Each treatment involves your child completing treatment sessions at home on a PC, laptop or tablet.

Each treatment involves your child learning practical strategies to better manage anxiety.

- One treatment helps children learn to control the focus of their attention on helpful things around them.
- The other treatment helps children learn to think differently and approach things they fear.

Each treatment includes information, telephone or email support for parents in assisting their child to better manage anxiety.

Prior studies have shown that children who complete each treatment experience significant reductions in anxiety.

Contact us

This study is being funded by the National Health and Medical Research Council and is led by Professor Allison Waters and a team of experts in childhood anxiety disorders.

For more information about our study and our team, or if you would like your child to participate, please contact us:

Minecraft school camps are a safe and fun environment to not only play Minecraft but learn new skills and socialize with other students from many schools.

If you are in Grade 3,4,5 or 6 then you are eligible to join us in the school holidays!

Venue: Larrakeyah Primary School

8:30am – 2:00pm

Camps are designed to:

- Encourage collaboration.
- Develop social and communication skills.
- Engage kids in group problem solving environments.
- Have enormous fun.

We have a limited number of places, please book your child's place to avoid disappointment. Bookings to be made via the website only you can not book through the school.
