

FORMCOVE SYSTEM

Designed for quick installations and lasting durability, our FormCove™ system cures into a perfectly fitted cove base that seamlessly covers your wall and floor seams—protecting them from potential damage while adding a neatly finished look to any room.

ADVANTAGES

- Fast Install
- Versatile
- Long Pot Life
- Quick Cure
- Easy To Use
- Seamless Application
- Economical
- Seals Between Floor & Wall

TYPICAL APPLICATIONS

- Rest Rooms
- Locker Rooms
- Garage Floors
- Production Areas
- Service Areas
- Veterinary Clinics
- Reception Desks
- Kitchens

SMOOTH & SEAMLESS

The fast and efficient solution, customizable for a wide variety of applications.

COST EFFECTIVE

DEVELOPED BY CONTRACTORS, FOR CONTRACTORS

HOW IT WORKS

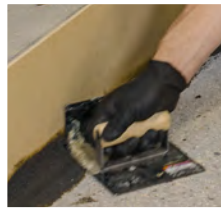

1 COMBINE PARTS
A & B

2 ADD DRY
SILICA SAND

3 MIX
INGREDIENTS

4 APPLY & TROWEL
TO SHAPE

ADHESION

FormCove™ is mixed on site, spread easily with a cove trowel, and always installed by certified Penntek experts. That means your cove base will fit perfectly and adhere far better than traditional installations!

VERSATILITY

FormCove™ system can be used in combination with any of our floor coating systems—giving you complete control over your floor's final design.

INSTALLATION

Our FormCove™ system cures in just 30 minutes, allowing your entire customizable floor coating system to be finished in as little as one day!

FormCove™ installation takes one third of the time and half the material cost of traditional systems. The flexible material accommodates substrate variations, forming a seamless cove base that seals between wall and floor. Other coving methods involve purchasing pre-cut pieces, cutting them to fit, and installing them with messy adhesives. FormCove™ eliminates these problems. Mixed on-site with dry sands, the plural component urethane is easily spread with a cove trowel. With a long pot life (10 minutes), the installers can mix a large batch and cover hundreds of feet. Quick cure time (30 minutes) allows for one-day project completion.

Superior Systems and Diverse Solutions

Penntek Industrial Coatings has you covered when it comes to industrial flooring options. Whether it is rapid return to service, custom colors, or added wear resistance, we have the selection of products and systems to meet virtually any need.
