

Bucket Ball

Includes:

-12 red buckets

-2 white balls

-tote bag

Questions? Call/text CJ at 949-891-4822

Overview

Toss the balls into the buckets and try to eliminate your opponent's buckets!

How to Play

1. Arrange 6 buckets in a triangular formation opposite each other.
2. Fill buckets with a little bit of water or sand to help them stay upright.
3. Teams alternate tossing balls into the opponents' buckets. Teams must stay behind their own buckets (this marks the foul line).
4. If a ball goes into a bucket, then that bucket is removed.
5. Teams are allowed one re-rack per game, where the buckets can be re-arranged in a new formation.
6. As soon as one team eliminates all of the other team's buckets, they win!

Safety Info

- [ ] Do not stand on the buckets.
- [ ] Do not fill the buckets with anything other than water or sand.
- [ ] Be aware of children near buckets full of water.
- [ ] Watch for uneven ground, wet surfaces, wind, and nearby obstacles during play.
- [ ] In the event of poor weather, please move the game indoors or under appropriate cover.
- [ ] Return the buckets & balls after the event.
