Overview

Toss the rings and try to score more points than your opponent!

Set-Up

1. Lay down one base target frame on the floor horizontally. Under it, place the bottom plate & align its hole into the pre-drilled slot at the end of the frame.
2. Position the other base target frame on the opposite side.
3. Place the top target frames on top of the base target frames vertically.
4. Place the top plate at the center of the target.
5. Screw in the middle post into the center of the target.
6. Screw in the 4 remaining corner posts.

How to Play

1. Players alternate after each toss.
2. Both players/teams toss their 3 rings each round and keep tally of points.
3. First player or team to score 200+ points wins!
4. Increase the point requirement for a more challenging or longer game.

Safety Info

- [ ] Do not stand on the game.
- [ ] Do not wear rings around your body.
- [ ] Watch for uneven ground, wet surfaces, wind, and nearby obstacles during play.
- [ ] In the event of poor weather, please move the game indoors or under appropriate cover.
- [ ] Return the game after the event.
