

# Onboarding Surveys

**AugmentHR**  
HR Services On Your Terms

## Why Onboarding Surveys?

With so much on a new hire's plate when they join your company, an onboarding survey provides a systemized way to check in. It also gives you valuable information about the new hire experience that you can use to improve onboarding. With all that on the line, knowing the right questions to ask is important.

Each of the survey touch point dates ask specific questions related to where they are in the onboarding process.

## What Can You Expect From Us?

Survey links are sent to each new employee at 6 weeks, 3 months and 6 months from their hire date. Results and recommendations are sent to the hiring manager and HR (if applicable).

### Sample Questions:

- **6 weeks:** Is the job what you expected? Do you have a copy of your job description?
- **3 months:** Have you received the training that you need in your role? Have you received performance feedback?
- **6 months:** How would you rate your relationship with your manager? Do you feel recognized for your contributions?
