COVID-19 Potential Exposure Informed Consent

Medical Office Visits During the COVID-19 Pandemic

Thank you for your continued trust in our practice. As with the transmission of any communicable disease like a cold or the flu, you may be exposed to COVID-19, also known as “Coronavirus,” at any time or in any place. Be assured that we have always followed state and federal regulations and recommended universal personal protection and disinfection protocols to limit transmission of all diseases in our office and continue to do so.

Despite our careful attention to sterilization, disinfection, and use of personal barriers, there is still a chance that you could be exposed to an illness in our office, just as you might be at your gym, grocery store, or favorite restaurant. “Social Distancing” nationwide has reduced the transmission of the Coronavirus. Although we have taken measures to provide social distancing in our practice, due to the nature of the procedures we provide, it is not possible to maintain social distancing between the patient, oral surgeon, office staff and other patients at all times.

Although exposure is unlikely, by signing this form and continuing to be seen in this office you are acknowledging that you understand and accept this risk.

A \$20.00 fee will be charged for office visit appointments cancelled with less than 24 hours’ notice. If a surgical procedure is cancelled with less than 5 business days’ notice, the patient will be responsible for 10% of the total procedure charges.
