

November 2025

Yá'át'ééh,

Michele and I just got back home from a road trip. We have been visiting some supporting churches, pastors, and friends in the South. We were on the road for 24 days, drove over 5,000 miles, and had many meetings. Praise the Lord! We have had a really safe drive. We had only minor mechanical issues, and God turned the lemons to lemonade. We were able to meet up with another one of our supporting churches, the truck was repaired, and another mission team was

Just before we left, we hosted the last mission team for the 2025 season. We now have new signs for the Miller Center and almost 8 cords of firewood split and stacked. We completed a woodshed for one of the church family members, and we got to spend some time with a family in the East Community with whom we have not been able to spend much time. Praise the Lord, most of our church family is now prepared for the start of winter.

planned for 2026. God never lets his water walkers down! Our meetings have gone well, and we have been able to help many get a good picture of our ministry. More great news is, as of this moment the Camp Thunderbird schedule for 2026 is almost full.

While traveling, we have had a lot of good reports from New Mexico. The church services have gone well. Adam and Hannah have done a great job keeping things going while we have been away, and we are so grateful to have them there.

For those of you who have asked about our roof project, I am glad to report that we have signed with the gentleman who is going to help us with the roof, made a downpayment on the project, and applied for the roofing permit. Please pray that the weather stays with us so we are able to get this accomplished quickly.

We try not to focus on politics or let politics drive what we do, but given the current state of affairs, we do have a very important prayer request for our people. Many are affected by the consequences of the Gov't shutdown. Thank you to those who have given to help with food baskets and groceries.

One of the principles we have been sharing while we have been on the road comes from Matt 14 where Peter gets out of the boat to walk to Jesus. Yes, he begins to sink, and yes, Jesus has to reach out and pull him to safety. But no one else even got out of the boat! Peter showed a faith and obedience that resulted in his walking on water with Jesus! Can you imagine walking on water hand in hand with Jesus? As we have continued this faith journey, we have experienced the Creator's provision and care over the past 10 years in so many ways. We would like to encourage all of you to step out of the boat in faith and see what it is like to walk hand in hand on water with Jesus.

PS. The entire woodshed was built using the cordless tools you all provided through the amazon shopping list.
