RAINY RIVER DISTRICT HEALTH CARE MATTERS

Distance shouldn't decide your health

Share your health-care experiences
and tell us what health care looks like *here*.

Health care looks different across the Rainy River District.

Where we live, how far we travel, the services available in our communities and our experiences accessing care all shape our health-care experience.

The people who live here
understand these realities best.

That's why we're asking
residents across the Rainy
River District to take part in
**the Rainy River District
Health Care Survey and
Town Halls.**
