

## CLMA MAILOUT

Healthy & productive rangelands for the pastoral estate

25/04/2023

Hi all,

it seems my Mailerite Free subscription has ended, so I will go back to using WORD, it ends up being easier to email anyway.

Hope you had some nice drops the past week or so, (if they were wanted) and they didn't hold up the mustering too much.

### News for this edition:

1. **CLMA EVENT CALENDAR IS LIVE**
2. **LANDCARE NT NEWSLETTER**
3. **NTG ASSOCIATIONS ONLINE TRAINING**
4. **THE ROLE OF REGENERATIVE AGRICULTURE IN SUSTAINABLE LAND USE- WEBINAR**
5. **RUMINATI WEBINAR**

#### 1. CLMA EVENT CALENDAR

Finally, what everyone has been asking for for years; a Centralised calendar for all events to be posted to. The CLMA Website now has a Calendar (or sorts) of all the events we hear about -and those we may not. Head to <https://www.clma.asn.au/events> and you will see the calendar live now.

If you know of any events to share, please send any details to me at [clma@clma.asn.au](mailto:clma@clma.asn.au) and I will add to the calendar as best I can. Flyers are hard to share, so keep the information basic with links to any flyers that may sit on a website or social media.

The area is not restricted to centralia, but precedence will be for the CLMA stations area and Alice Springs township based events.

#### 2. LANDCARE NT NEWSLETTER

The Landcare NT Newsletter has a lot of interesting articles- click here to view in your browser: <https://mailchi.mp/8a0c06117f2b/member-newsletter-april-2023?e=19d48d05ad>

#### 3. NTG ASSOCIATIONS ONLINE TRAINING

##### **Re: Free Online Training for Territory Clubs Now Available**

The Department of Industry, Tourism and Trade is pleased to release a suite of free online training modules, to support club and association member's to upskill and to better understand their obligations under the *Associations Act 2003* (Act).

Clubs and associations play an important role within our community. They deliver important services, programs and events that benefit Territorians, improve liveability and contribute directly to the Territory's economy. Across the Territory there are 1,680 clubs and associations run by volunteers. With busy lives and competing demands it can be hard to find the time to make sure your club or association is meeting its obligations under the Act.

The free online training is designed to empower our club and association volunteers, to carry out their roles responsibly and successfully.

Included in the online learning training are 9 video modules to assist clubs and associations to meet their governance, compliance and financial obligations. This is supported by some helpful factsheets, guides and templates.

Topics include:

1. Introduction to incorporated association

## CLMA MAILOUT

*Healthy & productive rangelands for the pastoral estate*

2. Starting an association
3. Running an association
4. Types of meetings
5. What is a constitution
6. Annual reporting obligations
7. Rights and obligations of members
8. Dissolution
9. The role of the NT Government Associations Compliance team

Watch all videos [online](https://www.youtube.com/playlist?list=PLJw6fNXcjg6cyzeJu9aDWptvqGZkM5-59). <https://www.youtube.com/playlist?list=PLJw6fNXcjg6cyzeJu9aDWptvqGZkM5-59>

For further information or to access factsheets visit <https://nt.gov.au/associations> or email [associations.compliance@nt.gov.au](mailto:associations.compliance@nt.gov.au).

### 4. THE ROLE OF REGENERATIVE AGRICULTURE IN SUSTAINABLE LAND USE- WEBINAR

Join us for a webinar exploring the potential for regenerative agriculture to contribute to climate and other outcomes in Australia.

#### FREE ONLINE EVENT

Panel session with Q&A

Thursday 27 April

4.00pm – 5.00pm (AEST)

More information and to Register <https://mailchi.mp/28d53c6bdb23/join-the-next-briefing-roomthe-energy-transformation-4858935?e=d8640409ce>

### 5. RUMINATI WEBINAR

We have a great opportunity for a small group of interested primary producers to work with [Ruminati](#) to provide feedback on their [easy to use](#) emissions estimator.

Please watch this very brief & snappy short video to get a quick understanding - [Ruminati Intro](#)

[Ruminati](#) is developing a streamlined digital platform to support Australian cattle, sheep and grain producers to generate a detailed and personalised emissions estimate for their farm or operations and then create a reduction plan looking forward over a number of years. They are also developing a dashboard that will allow multi-farm businesses to view their aggregated emission and plan reductions.

[Ruminati](#) are keen to work with a group of invested & forward thinking producers to engage with their innovative (and easy to use) platform to enable each user to **generate a detailed and personalised emissions estimate for their farm or operations.**

The estimate produced would provide farm operators with a valuable baseline on current emissions levels, for future reference and use in identifying potential emissions mitigation steps and investments and also raise farmers' awareness of which actions to manage and mitigate emissions might act to reduce that baseline in the future.

Scope 3 emissions information from 2020 and 2021 financial years captured through participants use of the platform will provide new insight on true emissions levels within a significant sample of the supply chain, which will in-turn provide a valuable starting position for activities to reduce emissions in-line with industry 2030 Climate Neutral Objectives and the recently announced Australian Government commitment to the Global Methane Pledge.

Ruminati are very keen to present the tool to those primary producers who are interested and discuss setting them up to baseline their business.

This will involve:

## CLMA MAILOUT

*Healthy & productive rangelands for the pastoral estate*

1. a (free) interactive Webinar to further explain this platform & answer any questions
2. interested producers/eco professionals will be coached by Ruminati to use the calculator to generate their own on property emissions profile.

**Can you please respond if you OR some of your colleagues would be interested to be involved in this great opportunity.**

We propose to offer the first Webinars on **Wednesday 26<sup>th</sup> April** – **11 am and 6 pm (AEST)** - see below for links:

### **11 am:**

Landcare Farming & Ruminati is inviting you to a scheduled Zoom meeting at 11 am on Wednesday 26<sup>th</sup> April:
