November 2026

A NOTE FROM *the Director*

As we head into November and the Thanksgiving season, I want to take a moment to reflect on how thankful I am for everyone who makes the Knights organization what it is.

From our coaches who dedicate their time, to our families who continually support our programs, and our athletes who show up ready to learn and compete—each of you plays an important role in what we're building together.

With basketball season getting started, it's exciting to see our teams back in the gym and ready for another season. I'm looking forward to watching our athletes compete, improve, and represent the Knights throughout the year.

Wishing all of our Knights families a wonderful Thanksgiving. I'm grateful to be part of this organization and excited for what's ahead!

BEYOND THE SIDELINES

***TOPIC*: Let Coaches Coach**

***Parent Tip*:** One of the best ways parents can support their athletes is by allowing coaches to coach.
It's natural to want to give advice or direction from the sidelines, but too many voices can create confusion for young athletes. During practices and games, let the coaches provide instruction while parents focus on encouragement and support.

COACH'S CORNER

THIS MONTH'S FOCUS:

Mindset: Control What You Can Control

A strong mindset starts with focusing on what you can control. You can't control the referees, your opponents, or the outcome of every game, but you can control your attitude, effort, preparation, and response to adversity.
