

COLM'S 6TH CLASS

Summer Newsletter

What a year we had!

We had a great year in 6th class and got up to loads. We ran the distance of a full marathon, we became entrepreneurs, we had an amazing time in Flynn Park on our school tour and topped it all off with our graduation ceremony on the 25th June.

We Became Entrepreneurs

Along with Kate's class, we set up our very own business; Wonder Bottles. We sourced 450 bottles and sold them to the school community covering the cost of our school 6th class hoodies in the process. It was a brilliant experience all-round and has set us on the road to entrepreneurship.

We like to move it, move it!

We kept super active throughout the year. We completed the marathon kids challenge in Morton Stadium Santry, running the final mile of the 26 mile challenge.

We enjoyed 6 weeks of tennis lessons with Tennis Ireland coaches. We got to use our new skills on the full-size courts in the National Tennis Centre for our final lesson.

We had multiple medal winners at the Santry Athletics tournament in May

The boy's 5-a-side team got to the final of their tournament in Clontarf while the girls team won their whole tournament, making it to the regional finals in NDNSP.
