SUMMER 2025 ●

This year was great. The school trip, the art day going to the axis and the Ark were fantastic. I think it's a great idea about the swimming because every child should learn to swim. I loved all the games we played. Some were for learning, and some were for fun. I love dressing up for Halloween and loved seeing all the costumes. I loved planting the kale. I planted purple kale, and it was purple! Zoe
