

FOURTH CLASS SUMMER NEWSLETTER

We had such a wonderful year in 4th class. The student's adapted so well to having two teachers, Kate and Naomi, and enjoyed the variety of learning and teaching that was involved. The class worked so hard on their maths and tables, read a lovely class novel and wrote some very imaginative stories. They presented excellent group projects and were so creative with their art, music and drama. The whole class embraced Seachtain Ns nGailge and had lots of fun making plays in Irish too. Very importantly, the students built on their great relationships and friendships through things like our wonderful class assembly and our weaving wellbeing programme. They showed great resilience and flexibility in working with two teachers and should be really proud of all their achievements. We will hand you over to the students themselves to hear about their 4th class highlights below:

"I really liked my year in 4th class. We learnt about China, Rome and the Normans in History. We had a Science Fair and learnt about Climate change. We also went on lots of trips including Leinster House, the Dead Zoo, Alive Outside, The Ark, Hugh Lane Gallery and Croke Park." Ailbhe

"I really enjoyed 4th class and most of the subjects. My favourite thing was learning about the Roman lifestyle and making our bathhouse brochures. It was very interesting" Erik

" We had fun learning about China. It was interesting to learn about the Chinese New Year and we made Terracotta Warriors out of clay" Seán

"I liked the Science Fair because I got to see loads of cool experiments. I also liked learning about Climate change because I like to help our world" Sadie.

" I liked going to Leinster House with Erik's Dad as our tour guide. He told us that there were ghosts that walked around and that he heard one" Ben

" I enjoyed going to the Dead Zoo because I found all the history of the dinosaurs and the big Whale so interesting. I also liked learning a bit about the Ice Age" Esmay

"In 4th class, I loved the PE football tournament and loved Alive Outside. I thought it was so much fun doing the big obstacle course and when we toasted marshmallows" Harry

" I liked when we made paper flowers and the Motte and Bailey castles. They were fun to make. The best thing was working together in groups. " Clodagh

"We went to a Pinochio Workshop in The Ark in town. We learnt lots about the story and drawings. I had great fun that day" Gil

" My favourite thing in 4th class was going to Croke Park because I played in the Camogie match. The experience was amazing. We got to go into the changing rooms and onto the pitch. It was so much fun" Hannah.

"We were lucky to go on lots of trips this year. We went to the Hugh Lane Gallery to see the Andy Warhol pop-art exhibition. We had a great year!" Molly

We hope you all have a fabulous fun Summer!

Naomi & Kate
