

Angel

Angel

Angel and her friend Twinkle came to live with us in 2018. They had been living at a pet rescue after their owners passed away. It wasn't ideal for them, so they were rehomed to live with us at the sanctuary.

Angel is gorgeous, tall and entirely black. She is a total attention seeker and will nudge you with her head until she gets what she wants!

Year of birth:
2006

Favourite food:
Hay

Key feature:
Several grey hairs on her forehead

Favourite activity:
Sunbathing

Adopted by:

.....

Adoption date:
