

HVAC Multi-Family Installer Helper

Company: AO Cooling & Heating LLC

Location: Rosenberg / Greater Houston Area

Job Type: Full-Time

Pay: \$13–\$15/hour (DOE – Depending on Experience)

Schedule: Monday–Friday | Some Weekends and Travel

Position Overview

The HVAC Installer Helper assists lead installers with multi-family HVAC system installations. Gain hands-on experience with: Fur-down, wall/stud-mounted air handlers, PTAC/VTAC, mini-split systems, heat pumps, and condensers. Work with experienced technicians to learn installation, startup basics, and job site workflow.

Key Responsibilities

- Assist with the installation of HVAC systems in apartments and multi-family buildings
- Help install:
 - Air handlers (closet, fir-down, wall mount)
 - PTAC/VTAC units
 - Mini-split systems
 - Heat pumps and condensers
- Carry and stage equipment and materials
- Assist with running line sets, drain lines, and wiring
- Help with basic fur-down framing and prep work
- Clean and organize job sites
- Maintain tools, materials, and equipment
- Follow directions from lead installer and supervisor
- Learn proper installation techniques and safety procedures

Requirements

- High school diploma or GED preferred.
- No experience required (HVAC experience is a plus).
- Strong work ethic, willingness to learn, and ability to follow instructions and work in a team.
- Valid driver's license preferred.
- EPA Universal & TDLR Registered Technician Card required.
- Must be dependable and punctual.

How to Apply

Submit your resume or contact AO Cooling & Heating LLC, service@aocoolingandheating.com or @713-705-6787, to learn more about joining our team as an HVAC Multi-Family Installer Helper.
