

CRITICAL INFORMATION SUMMARY (CIS)

NBN ENTERPRISE ETHERNET BROADBAND (UNMETERED)

SERVICE INFORMATION

NBN Enterprise Ethernet Broadband is a symmetrical high-speed, business grade, dedicated connection to the Internet. The delivery method is via an end-to-end direct fibre connection from a business premises to a NBN Fibre Access Node(FAN). Speeds are available from 10Mbps to 1000Mbps.

HARDWARE

We will install a network termination device with an RJ45 hand-off that may be directly plugged into your compatible equipment. (For example a router and Local area Network (LAN).

We do not supply any additional network connectivity or equipment as part of the service but we will be able to assist in selecting, sourcing, installing and configuring various devices. These prices will vary and it is important you confirm any additional requirements to assess the suitability of this service for your needs.

MINIMUM TERM

The minimum term is 36 months.

ACTIVATION / CONNECTION FEES

A once-off connection fee(s) applies at: \$399.00

UNMETERED PLAN INFORMATION

This is an un-metered plan; it includes all usage for the Monthly Plan Fee of the speed selected. Our Fair Use Policy does apply. A service qualification will be required to confirm the location's zone for delivery, and accurate pricing can then be confirmed.

DATA MEASUREMENT

Data is measured in Megabytes (MB), Gigabytes (GB) and Terabytes (TB), with 1,000MB equaling 1GB and 1,000GB equaling 1TB of data for the purposes of billing this service.

IP ADDRESS

One (1) static IP address is included in the Monthly Plan Fee with each connected service.

INFORMATION ABOUT PRICING

The Zone of your location can affect the monthly plan fee for delivery. The Monthly Plan Fees for CBD/Metro located connections are as follows:

CBD/ METRO SPEED (upload/download)	MONTHLY PLAN FEE	TOTAL MINIMUM COST (36 months)
100/100 Mbps	\$349	\$12,564
250/250 Mbps	\$499	\$17,964
500/500 Mbps	\$699	\$25,164
1000/1000 Mbps	\$979	\$35,244

- Plan fees are charged in monthly advance and pro-rata applies.
- Total Minimum Cost per service is calculated as; Monthly Plan Fee multiplied by the Minimum Term. (E.g. \$349 x 36 months = \$12,564) It does not include any once-off connection fee(s)
- If you wish to disconnect this service, the recurring Monthly Plan Fee is charged until the end of the billing cycle in which the service discontinued. If still within contract, early termination fees will be applicable.

ADDITIONAL USAGE CHARGES

Subject to our standard terms, no extra data usage charges are applicable.

EARLY TERMINATION CHARGES

If you cancel your service within the contract term, we will charge you the Monthly Plan Fee multiplied by the remaining months of the minimum contract term. If you relocate to a new location and the same coverage is not available from us, early termination charges will also apply.

OTHER INFORMATION

If you require us to perform some service modifications, charges may apply per modification request. Charges vary depending on the complexity of the request. We will seek your approval before we conduct any work.

Any additional items or features not listed above will be charged separately if available. For Further information on broadband services please go to: [Broadband Education Package](#)

AVAILABILITY

NBN Enterprise Ethernet Broadband is not available everywhere, and your address will be required to complete a service qualification of your location.

Availability depends on a number of factors including:

- Whether the necessary equipment is available at the relevant exchange.
- The length of the cable to the nearest exchange.
- The Zone in which the premises is located.

NBN ENTERPRISE ETHERNET SPEEDS

Actual speeds you will receive will vary due to a number of internal and external factors such as:

- The distance from the Exchange and NBN Fibre Access Node
- The Quality of Fibre cable within the location's Zone of delivery
- Equipment at Exchange & Local Area Network
- Software
- Number of users
