Annual Report 2025

At CPC, we believe women deserve more than appointments — they deserve advocacy, compassion, and care that honors the whole person.

Dear Friends and Supporters,

This past year has been one of growth, resilience, and profound impact at Community Pregnancy Center. Every day, we have had the privilege of walking alongside women during some of the most vulnerable and meaningful moments of their lives. It is because of your partnership and generosity that this work is possible.

At CPC, we believe women deserve more than medical care alone — they deserve compassion, dignity, and support that honors the whole person. Whether providing routine wellness services, pregnancy support, education, or emotional care, our team remains committed to meeting women where they are and offering hope-centered, life-affirming care in every interaction.

Over the past year, we have seen firsthand the power of a welcoming, holistic approach. We have expanded access to care, strengthened our programs, and deepened our relationships within the communities we serve. Behind every statistic in this report is a real story — a woman who felt seen, a family who found support, and a life that was valued.

As we look ahead, our vision remains clear: to continue building a future where women feel empowered, supported, and confident in their health decisions, and where every life is treated with dignity and respect. We are excited to grow our impact, strengthen our services, and invest in innovative, compassionate care models that reflect our mission.

On behalf of our staff, volunteers, and the women we serve, thank you for standing with Community Pregnancy Center. Your belief in this mission allows us to continue lighting the way in women's care — bringing clarity, compassion, and hope to every season of womanhood.

With gratitude,

Kari Vanderslice
CEO/Executive Director

Stand up for those who cannot stand for themselves.
Proverbs 31:8

Our Mission

Share Hope. Empower Families. Inspire Restoration.

Our Vision

Share the hope of Jesus Christ as we see lives changed and families restored.

Because of your generosity, compassion, and unwavering support, Community Pregnancy Center continues to be a place of hope, healing, and life-affirming care for women and families in our community. Every appointment, every ultrasound, every conversation, and every moment of support is made possible by you.

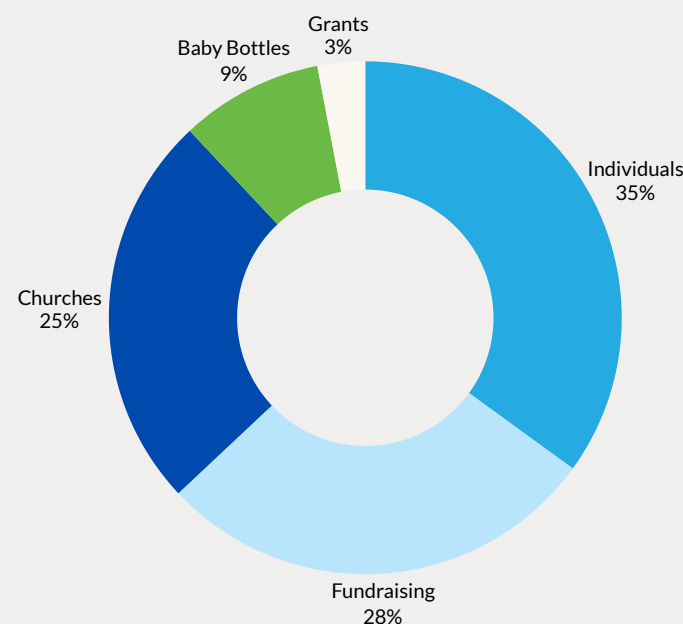

Financial Overview

Community Pregnancy Center is a donor-supported nonprofit organization. Every service we provide is made possible through the generosity of individuals, churches, foundations, and community partners who believe in compassionate, life-affirming care for women. We are committed to stewarding every dollar with integrity, transparency, and accountability — ensuring that resources are directed where they are needed most.

- *Carseat Safety Training*
- *Prenatal and newborn care training*
- *Material Resources*

IN 2025 WE STARTED IN-PERSON POINTS TO SUCCESS CLASSES. COMING IN 2026 SPANISH IN-PERSON POINTS TO SUCESS CLASSES.

A Story of Hope: Leah's Journey

When Leah first walked into CPC, she felt overwhelmed and unsure of what the future held.

Leah came to the center with her husband, already raising a 3-year-old and a 1-year-old while living with a family member in a difficult and unstable situation.

When they discovered they were pregnant again, the news felt overwhelming.

They were heartbroken and truly believed abortion might be their only option because they could not imagine bringing another child into their current circumstances.

When they came to CPC, they met with one of our advocates and received an ultrasound.

That day, something began to shift in their hearts. As they talked through their fears and saw their baby on the screen, they began to see that there could be another path forward.

Later, they shared with us that they simply could not go through with the abortion. Instead, they chose life.

In April 2025, their sweet baby boy was born—completing their family. Leah recently told us she cannot imagine life without him now.

Leah's story is one of many unfolding every day at Community Pregnancy Center. And with your continued partnership, we will keep lighting the way.

“Two lines? Two lines means yes... immediate reaction was fear and shock.”
