## Nexxt Medtech market and need

Chronic pain afflicts large numbers with 183,000,000 suffering in the US and EU alone.

Recent studies indicate that number could increase by 40% over the next 10 years!

Dr.ClaudioTassi has studied and researched bioelectrical chemistry and found the only natural solution to eliminating pain and promoting healing.

**No other pain treatment does this.**

Acetaminophen blocks the pain signal, anti-inflammatories like Ibuprofen block the body's inflammatory reaction and Opiates change the brains perception of pain. None treat the source of pain like our **I LOOP** (Intelligent quantum biophysics energy).

## **I LOOP “live outside of pain”**

solves this problem the world needs it yesterday!
