Payment Policy

At The Private Doctors, all payments are taken in advance or on the day of your appointment. If this is your first visit, please bring a payment card with you. Your card will be securely stored on your account to confirm the appointment and to settle any fees on the day. We do not charge in advance unless this has been agreed with you.

Should any investigations, scans, or tests be recommended and carried out on the day, you will be fully informed of the associated fees. A consent form will be signed prior to testing, and payment will be taken on the day.
