About us

Absolute Support Leading Light (ASLL) is a small local charity based in Richmond-upon-Thames supporting people with learning disabilities and autism. Founded in 2006 and registered as a charity in 2019, Absolute Support has built a solid reputation as a caring provider with a warm and supportive home setting for the people we support. Through our two community-based, supported living homes and via a small outreach service, we work to enable 11 young adults to live happy and meaningful lives.

Our mission is to support adults with learning disabilities and autism in Richmond and the surrounding areas to live independently, developing the capacity and skills to identify and meet their own needs, and to participate more fully in society. Our vision is simple: living life, moving forward, having fun.

ASLL works in close partnership with the London Borough of Richmond upon Thames and is currently strengthening its infrastructure as it moves through CQC registration for its regulated services.

CQC Nominated Individual: fit and proper person

ASLL is currently preparing its application for CQC registration. Once approved, ASLL's intended staffing structure has the CEO acting as Nominated Individual, providing senior-level supervision of the regulated activity on behalf of the provider, while the Service Manager acts as Registered Manager, with direct day-to-day responsibility for managing the regulated activity. CQC permits the same person to hold both roles in a small organisation but advises against this wherever possible; ASLL's intended structure follows CQC's preferred separation. The post-holder must satisfy CQC's fit and proper person requirements as Nominated Individual, including Regulation 5 of the Health and Social Care Act 2008 (Regulated Activities) Regulations 2014: demonstrating good character and the qualifications, competence, skills and experience necessary to supervise ASLL's regulated activity. Leading the registration application, and subsequent formal appointment as Nominated Individual, will be a key early priority for the role, subject to CQC approval.
