

At McAlister-Smith, we are ready to serve your family during this difficult time. We believe that grieving for a pet is no different than grieving for a human friend or family member. With as much joy as pets bring to our lives, they leave a hole in our hearts when they die.

We understand that you have entrusted us to care for your family member and we take that responsibility very seriously. Every pet in our care is regarded with dignity, compassion and respect.

We maintain an open door policy at all of our facilities. We welcome you to visit any of our locations (West Ashley, James Island, Mount Pleasant, Goose Creek, Holly Hill, West Columbia) to discuss options for your pet's final care.

RECEIVING YOUR PET

We will bring your pet into our care from your veterinarian's office or your home with the same loving care that McAlister-Smith has demonstrated to Lowcountry families since 1886. You may also bring your pet to any of our four locations by appointment.

SECURE TRACKING SYSTEM

From the moment your pet enters our care, we use a multi-point tracking system. Your pet is assigned a uniquely numbered stainless steel disc which accompanies him/her through the cremation process. You will receive this disc when you bring your pet home to give you the peace of mind that you are receiving his/her cremated remains.

PRIVATE FAMILY GOODBYE

As a full-service, family-owned funeral home, we understand that grief is a very personal experience. We are available to help you navigate the loss of your pet in a way that is meaningful to you. We offer an intimate, private area for you to spend time with your pet before cremation. You may also elect to witness the start of cremation.*

**Available for private cremations only.*
