

We are going to be using Avatars to help track our progress through the Game Changer course.

What is an Avatar, and what's appealing about them? _____

What games have you played that needed an Avatar? _____

To create your custom Avatar:

1. Visit <https://charactercreator.org/#>
2. Use the Character Creator website to make an Avatar to be used in games and challenges. Your facilitator can provide you with advice and support as you use this tool.
3. When you are done, save your Avatar with a name that makes it clear it belongs to you, and send it to your workshop facilitator.
