

→ Comdata® SmartSolutions.
One Touch. One System.

↳ Comdata SmartSolutions offer a proven technology and new user friendly design to help you manage your business more efficiently. With customizable menus and a touch-screen interface, the flexible and modular point-of-sale systems are ideal for consolidating fuel, retail and other profit centers into a single, easy-to-use platform.

→ Comdata SmartDESQ

Enhanced transaction processing and fuel pump control

SmartDESQ

SmartDESQ is a point-of-sale solution that provides superior processing of store transactions and pump control for fuel transactions, allowing you to combine payments for all profit centers into a single system. SmartDESQ works with multiple payment sources, including the leading fleet and credit cards and is EMV certified with First Data, NBS Worldpay, and Heartland.

- › Drives efficiency with a configurable touch screen design
- › Integrates fuel desk transactions with retail and other profit centers
- › Accepts multiple payment types
- › Simplifies end-of-shift reporting
- › Reduces cashier training time and improves productivity
- › Allows pump control and pay-at-the-pump

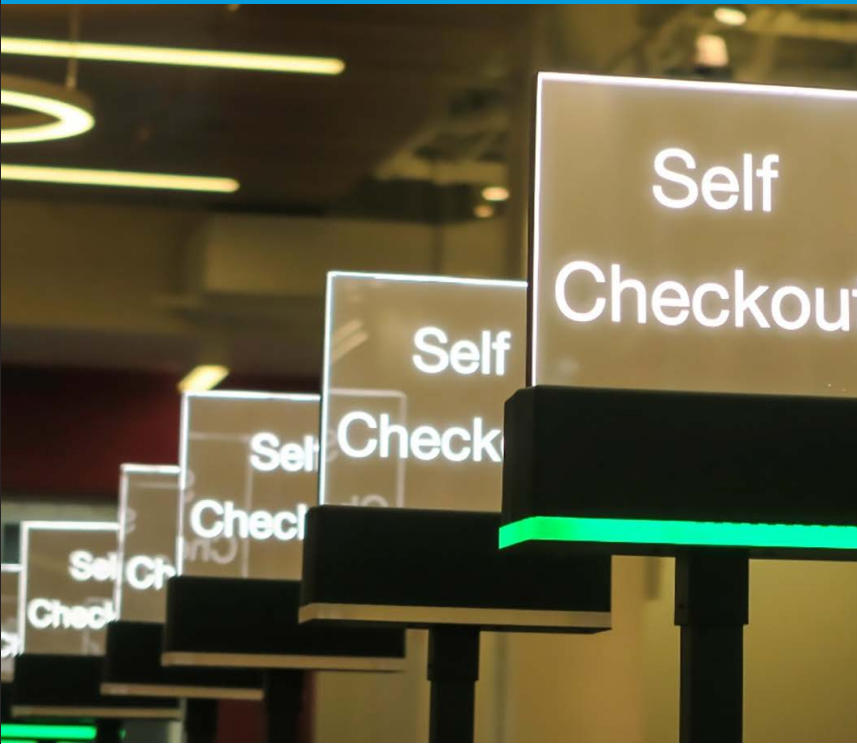

→ Comdata SmartAuthorize

Processing and authorization for diesel fuel purchases

SmartAuthorize

For locations that require basic processing for diesel fuel purchases, the SmartAuthorize point-of-sale solution delivers key transaction functionality and authorization for the major fleet billing companies.

- › Streamlines authorization for the leading fleet billing companies
- › Improves productivity with easy-to-use touch screen
- › Provides configurable product categories to meet your needs
- › Minimizes cashier training time
- › Integrates with existing back-office systems

→ Comdata SmartConvenience Self-Checkout Kiosk

SmartConvenience

For convenience store and travel center operators, a self-serve kiosk offers consumers a popular transaction mode. Fitted with the same attractive SmartSolutions design, the self-serve unit accepts all bank cards and offers your customers a quick and easy, scan and pay solution.

Talk to your Comdata Representative for more details.
