WHAT YOU CAN TEST

Comprehensive testing for ceramic & glass tableware:

FOOD SAFETY

Lead & cadmium release
(ASTM / ISO).

DURABILITY & PERFORMANCE

Impact resistance, Thermal shock & Microwave safety.

MATERIAL QUALITY

Water absorption & Mechanical strength.

SURFACE & GLAZE RESISTANCE

Acid & chemical resistance.

WHY TESTING MATTERS

In the U.S., **ceramic tableware is regulated** by the Food and Drug Administration (FDA) under the Food Code 2022. **Products must comply with strict limits** on lead and cadmium release.

FAILURE TO COMPLY CAN RESULT IN:

- Product recalls.
- Market withdrawal.
- Legal and reputational risk.
