

DECO '26

April 13-15

Pittsburgh, PA

Your Bridge to the Future of Decorating

Whether you are decorating glass, ceramics, plastic, or stainless, Deco '26 in Pittsburgh is your gateway to the tools and technologies shaping the future of the industry. From AI and autonomous transportation to digital printing and next-generation logistics, innovation is transforming every facet of the decorating business.

Join industry leaders and innovators at Deco '26 to explore cutting-edge advancements through targeted technical sessions, insightful business presentations, and an exposition featuring the latest in products and technology. Don't just keep up, cross the bridge to the future of innovation ahead of the crowd.

Featured Speakers:

Tuesday, April 14

Dan Simkins, Co-Founder, ATiD

Dan is co-founder of ATiD, an artificial intelligence (AI) consulting firm that helps businesses seamlessly adopt the latest AI technologies, integrating AI driven solutions to enhance operations, optimize processes, and empower teams. Dan will discuss ways in which AI can and will transform your business to compete in today's rapidly changing environment.

ATiD

Wednesday, April 15

Mike will discuss cold-end inspection solutions, including maintenance and upgrades.

10:40 a.m. – 11:20 a.m.

Carsten Eilers, Glasscoat International

Electrostatic Coating of Container Glass

Glasscoat will explain electrostatic coating of container glass taking attendees through the process including: pre-treatment, application, curing and firing, post coating and treatment, and automation.

"I thought the quality of vendors was fantastic. I represent the next generation of glass deco houses, so it's good to mix in with the old-school established industry . . . anytime I can interact with a glass-deco industry veteran I am very interested in taking advantage of that rare moment."

- Murray Shelton, Buccaneer, Inc.

First time attendee, Deco '24
