STRUTZ

Non-Contact
Optical
Registration
Vision System
for the Strutz
Chainless
CLS-175
and CLS-200
Decorators

The revolutionary Strutz high production body and shoulder decorating machines now feature:

- Optical registration camera with servo control eliminates contact with glass beverage bottles.
- Easy control of seam angular position or print placement on bottles with operator interface.
- Detection by using existing lugs on bottles or with a quality Plant Symbol or Mark.
- Up to 200 pieces/minute.
- CLS-175 decorates body & shoulder of large bottles up to 1.25 liter.
- CLS-200 machine provides optimum production for body & shoulder decorating typical 12 oz. bottles at speeds of up to 200 BPM.

Performance Proven Worldwide

**CHAINLESS
CLS decorating machine**

President's Message

Dear Fellow Member:

Welcome to the SGCDpro 2026-27 annual membership directory, published online with interactive links to ease your search for decorators and vendors. Published each summer in June following the annual DECO conference, the membership directory is one of the most important resources provided to SGCDpro members. We encourage you to make full use of this powerful and convenient tool to network with other members, find the services you need, and learn more about the companies and people that make up our industry.

In the following pages, you will find directories of member companies (complete with live website links where available) and individual members, including phone numbers and email addresses where available.

Other sections are organized to detail the capabilities of individual decorators and suppliers, with categories for various types of decoration, supplies, and equipment.

The directory facilitates the core SGCDpro principles of mutual connection and education, and I hope you will find the directory highly valuable. Should any of your information change throughout the year, simply send those changes via email to info@sgcd.org so your profile can be kept up to date.

As we celebrate 62 years of SGCDpro service through information, resources, and networking, please accept our thanks and appreciation for your continued membership, as well as our best wishes for the coming year.

Sincerely,

Wes King
President, 2026-27

SRI Ohiowww.serigraphierichford.com

Independent glass decorator; silk-screen decorating; ceramic (some organic) spray coatings; ceramic and organic acid etching on glass.

Rishee Behl
1061 Mill Park Drive
Lancaster, OH 43130
(740) 651-5800
rbehl@srimtl.com

Stanpac Incorporatedwww.stanpacink.com**SGCDpro Corporate Member**

Stanpac provides glass decorating to the wine, beer, liquor, dairy and food industries throughout North America. Using state-of-the-art equipment combined with Organic, UV, ceramic inks and precious metals, we produce exceptional products for many of North America's premium brands. In addition to our glass decorating facility, Stanpac manufactures packaging for the fluid milk and ice cream markets as well as paper coffee cups and take out packaging.

Murray Bain, VP of Marketing
R.R. #3, Spring Creek Rd.
Smithville, ON L0R 2A0 Canada
(905) 957-3326

murrayb@stanpacnet.com**Strutz International**www.strutz.com**SGCDpro Corporate Member**

Automated high-speed screen printing equipment for glass container industry. Semi-automatic & automatic equipment for glass tumblers and ceramic mugs. Electronic color dispensers,lehr loaders, cross conveyors, single line storage.

Joshua Scaggs
440 Mars-Valencia Rd.; P.O. Box 509
Mars, PA 16046
(724) 625-1501

engineering@strutz.com**Susquehanna Glass Co.**www.susquehannaglass.com
