

Our Training Options

Find the training option that's right for you – PWSA UK offers tailored training for professionals in care, education, health and social work.

Registered Charity number England and
Wales: 1155846 Scotland: SC053700

Introduction

The Prader-Willi Syndrome Association UK (PWSA UK) offers a range of training services designed for staff supporting individuals with Prader-Willi Syndrome (PWS). Our qualified trainers bring expert, in-depth knowledge and can tailor all training to your specific needs.

We provide help to anyone working with a person with Prader-Willi Syndrome. Our charges are kept as low as possible and help to fund the information and support provided by the Prader-Willi Syndrome Association UK.

Please note: these sessions are for professionals only, but we offer a variety of separate options for parents and family members.

For Medical and Social Care Professionals

We deliver tailored virtual short talks to medical professionals, university-level medical students and also social care inspectorates and employees. These sessions follow the same format as our Virtual Short Talks listed below. We are always looking for ways to spread vital knowledge and information to as many people from these fields of work as possible. Please get in touch if you have any bespoke training requests.

Training is delivered with the same cost structure and format as the Virtual Short Talks below.

Virtual Short Talks

An online training of 1 -3 hours about PWS, which can include a 30-minute presentation and a question and answer session - please contact our office for further information.

How Training is Delivered

Virtual only: £150 per hour (up to 3 hours)

Maximum no. of delegates is 20
