Below this, a paragraph explains that if a church uses Faith Teams, they also have Faith Teams Community, which provides an easy way to give, find events, and join groups. It also mentions a welcome form for new members. A second paragraph states: "Your church may not have turned on all areas in Community. Don't see something mentioned on this page? Ask your church IT person if they can turn it on." The smartphone mockup displays the app's interface, showing a "Welcome to New Church" message, a "Guests" section with a photo of people shaking hands, and an "Events" section.
