

St. Andrew's Episcopal Church

Bringing God and people together through the love of Jesus Christ.

Dear Parish Family,

As I reflect on our life together at St. Andrew's, I am deeply aware of how much this community has endured—and how much it has grown in faith and fellowship. In recent years, we have faced storms both literal and spiritual, and through God's providence, we have come through these times with grace, resilience, and a greater love for God and for one another. Now, as we continue on the journey to call a new Rector, we again lean in and trust God's timing and provision.

Through it all, one truth has remained clear: St. Andrew's is a place where God's love is made visible—through worship, service, and fellowship. I see it each Sunday in our music and prayers; in the ways you care for one another and for our neighbors, even when we disagree; and in your willingness to step forward in generosity, making possible the mission and ministries of this parish. I also see it in each of you—when you step up, smile, and ask, “How can I help?”

In addition to your generous gifts of time and talent, I ask that you prayerfully consider your financial gift to St. Andrew's. Stewardship is about much more than keeping the lights on or maintaining our beautiful campus—it is about living out our faith by investing in the work God is doing here. Your pledge sustains the life and ministries of St. Andrew's: worship that inspires, outreach that serves our neighbors, and fellowship that strengthens our bonds of community.

As we look ahead to 2026, I invite you to continue discerning how you can support St. Andrew's with your time, talents, and treasure. Every gift makes a difference—not only in keeping our parish strong, but also in preparing the way for the new chapter that awaits us with our next Rector.

Thank you for the many ways you give of yourselves and for your steadfast faithfulness to this parish. It is a privilege to serve as your Senior Warden during this season of transition, and I am filled with gratitude and confidence for what lies ahead.

With deep gratitude,

Kimberly Whipple
Senior Warden
