

Join us at the AADANT Conference 2026

The peak event for the Northern Territory's AOD
Sector

The AADANT Conference 2026 will bring together practitioners, researchers, peer workers, people with lived experience and policymakers from across the Northern Territory and beyond. The event will showcase leading practice in alcohol and other drugs (AOD) treatment, harm reduction, prevention and policy – highlighting the unique challenges, strengths and innovations of delivering services in regional and remote contexts.

Held annually the AADANT Conference is known for its inclusive, community-focused atmosphere and its emphasis on collaboration, learning and real-world impact. The conference provides a valuable opportunity to share knowledge, build capacity and strengthen connections across the diverse landscape of AOD support services.

While the 2026 theme is yet to be announced, you can expect a dynamic and multidisciplinary program that champions culturally safe practice, First Nations voices, and the leadership of people with lived experience.

Whether you're working at the front line or shaping strategy at the system level, the AADANT Conference will offer something for you.
