## WORK EXPERIENCE

2025-2026

### Global Prairie

- Contractor
- Pre-Press
- Package Design

Detail-oriented Production Designer with expertise in preparing creative assets for print and digital production. Skilled in prepress setup, file optimization, and final proofing to ensure design integrity, accuracy, and quality across all deliverables.

2010-2025

### Skywax.com

- Art Director
- Lead Designer
- Customer Support

At skywax.com I evolved from building basic HTML/CSS websites to designing modern, dynamic, and fully responsive sites. I've personally created hundreds of websites and developed a strong ability to troubleshoot the technical aspects of web design and hosting.

2005-2010

### JC Generals

- Art Director
- Graphic Designer
- Photo/Video

The Junction City Generals was a Summer Collegiate Baseball Team I helped to start with two friends. We built the organization from the ground up. My design duties included merchandise, programs, commercials, signage and sound design. I learned how to start a company from scratch and how to think critically on the fly.

2001-2005

### Terrell Creative

- Art Director
- Graphic Designer
  - Package Design
  - Book Design
  - Pre-Press

Terrell Creative was the first place I worked after college. I honed my skills designing souvenirs, books, calendars, postcards and more. Exciting clients like Hard Rock Café and Great Wolf Lodge made Terrell a great first job. I took this in-depth and hands-on experience and applied it to all my future endeavors.
