WORK EXPERIENCE

2010-2025

Skywax.com

- Art Director
- Lead Designer
- Customer Support

Skywax.com – is a web company that produces quality websites, at an affordable price. Focusing on the user experience, I have personally designed hundreds of websites while also learning how to troubleshoot the technical aspects of web design and hosting. I really enjoyed working in this digital medium and overcoming the daily challenges of a web-based business.

2005-2010

Junction City Generals

- Art Director
- Graphic Designer
- Photographer
- Videographer
- Soundboard Tech

The Junction City Generals was a Summer Collegiate Baseball Team I helped start with two friends. We built the organization from the ground up. My design duties included merchandise, programs, commercials, signage and sound design. I learned how to start a company from scratch and how to think critically on the fly. These skills would prove to be key as we moved on to the next big thing...

2001-2005

Terrell Creative

- Assistant Art Director
- Graphic Designer
 - Package Design
 - Pre-Press

Terrell Creative was the first place I worked after college. I honed my skills designing souvenirs, books, calendars, postcards and more. Exciting clients like Hard Rock Café and Great Wolf Lodge made Terrell a great first job. I took this in-depth and hands-on experience and applied it to my next venture...
