School Fees Notice for Families in Grades 7-12

Utah law permits schools to charge fees in grades seven through twelve. A student may be charged fees for participation in school classes, activities, and programs. A student cannot be requested or required to pay any fee unless that request or requirement has been approved by the local Board of Education and included in the school or district fee schedule. Utah law requires schools that charge fees to ensure that a fee waiver or other provisions in lieu of a fee waiver is available to any student whose families are unable to pay a fee.
