

SYSCO

John F. Baugh  
Senior Chairman

September 3, 1993

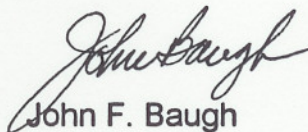

Dear Don:

Unfortunately, ongoing extensive travel has interfered with my writing earlier to express appreciation for the special courtesies that were so graciously extended to me while I had the pleasure to be with you at Syracuse.

However, during the intervening weeks, I have had many warm reflections upon the discussion during which it became quite evident that your colleagues and you are determined that your fine company is to be among the most distinguished of SYSCO's business operations. I am grateful!

Thank you, also, for the dedication of your remarkable intellect, time, energies and skills to the ongoing growth and success of the SYSCO enterprise.

Sincerely,

John F. Baugh
