Don't miss a step—use Smart Move's packing checklist

A simple, customer-friendly guide you can actually use.

6–8 Weeks Before Your Move

- ☐ Walk through your home and declutter—donate, toss, or keep.
- ☐ Measure doorways, stairs, and rooms in your new place.
- ☐ Start a small “moving folder” on your phone or laptop.
- ☐ Take photos of valuables for your records.
- ☐ Begin gathering supplies.

4–6 Weeks Before Your Move

- ☐ Start packing the easy areas: guest rooms, seasonal items, décor, books.
- ☐ Make a simple inventory list.
- ☐ Notify schools and start updating your address where needed.
- ☐ Confirm utility transfers for both homes.

3–4 Weeks Before

- ☐ Pack living room décor, media, and non-essential electronics.
- ☐ Pack extra bedding, off-season clothing, and anything stored under beds.
- ☐ Start using up freezer and pantry items.
- ☐ Confirm utility transfers for both homes.

2 Weeks Before

- ☐ Pack kitchen items you won't need over the next two weeks.
- ☐ Wrap fragile items carefully (dishes, glasses, serving ware).
- ☐ Pack bathroom backups, decorative items, and non-essential office items.
- ☐ Back up important computer files.

1 Week Before

- ☐ Finish packing kitchen and bathroom items (leave just a few essentials).
- ☐ Pack garage, outdoor items, and tools.
- ☐ Prepare your “essentials” bag: chargers, toiletries, medications, 1–2 outfits, documents, laptop, snacks, and basic tools.
- ☐ Back up important computer files.

2-3 Days Before

- ☐ Pack the last items except your absolute daily essentials.
- ☐ Empty the fridge and freezer.
- ☐ Do laundry and take out trash.
- ☐ Set aside items that need special care so our movers can prep them properly.

If you're uneasy about packing TVs, artwork, mirrors, or other fragile items, our team is here to help. We offer specialized "last-mile" packing services for these delicate pieces, ensuring you don't have to stress about their protection.

Moving Day

- ☐ Dress comfortably and keep your essentials bag with you.
- ☐ Do a final walkthrough: closets, cabinets, storage areas, garage, attic, and basement.
- ☐ Show the movers special-care items and the load/unload path.
- ☐ Before leaving, lock up, turn off lights, take photos, and leave keys as directed.
