How can I help your business?

A purpose driven leader who has accumulated extensive hands-on experience in all aspects of developing and industrialising new products throughout his 20+ year career. Stewart's professional history includes roles with Unilever / Weis, the South Australian Research & Development Institute, Nestle and Food Spectrum.

Stewart is well regarded and networked within the food industry and holds knowledge of a diverse range of technologies across the value-added fruit ingredients and dairy sectors of the food industry. Stewart is a Fellow and active member of the AIFST, having previously served as a Non-Executive Director on the inaugural board and branch chair of both the Queensland and South Australian branches. Stewart is keen to make a difference in your business.
