REQUEST FOR PROPOSALS

PROJECT #34-26-2

FIRE SPRINKLER SYSTEM INSTALLATION

ANCHORAGE MIDDLETOWN FIRE & EMS

Anchorage Middletown Fire & EMS (AMFEMS) is soliciting sealed proposals from qualified fire sprinkler contractors for the design, permitting, furnishing, and installation of a complete automatic fire sprinkler system at **Station 34**, located at **1400 Evergreen Road, Louisville, Kentucky 40223**.

The project consists of the complete design and installation of a wet-pipe automatic fire sprinkler system within an existing occupied fire station. Work includes engineering, hydraulic calculations, permitting, water supply evaluation, sprinkler piping and appurtenances, fire department connection, backflow prevention, fire alarm interface, testing, commissioning, owner training, restoration of disturbed finishes, and all labor, materials, equipment, and incidental work necessary to provide a complete and operational system.

A pre-proposal site visit may be scheduled. Contractors are strongly encouraged to inspect the project site prior to submitting a proposal.

Proposals will be accepted until **12:00 Noon (Local Time) on September 18, 2026**.

Proposals shall be submitted to:

Anchorage Middletown Fire & EMS

Attn: RFP Response

108 Urton Lane

Louisville, KY 40223

Electronic proposals may be submitted to:

rfp@amfems.org

The complete Request for Proposals, including specifications, proposal requirements, and evaluation criteria, may be obtained by contacting:

Lt. Col. Joe Wolfe

Anchorage Middletown Fire & EMS

Phone: (502) 996-9358

Email: rpf@amfems.org

Anchorage Middletown Fire & EMS reserves the right to reject any or all proposals, waive informalities, request clarifications, negotiate scope, schedule, and pricing, and award the contract determined to be in the best interests of the district.
