

HERITAGE CLASSIC™ WOOD DOORS

Handcrafted Wood Carriage Style Garage Doors

HÖRMANN

HERITAGE CLASSIC™

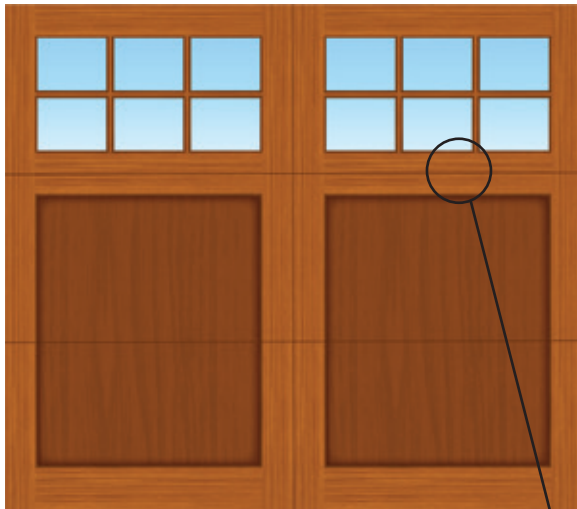

Handcrafted by skilled artisans from select woods such as cedar, tight knot cedar, redwoods, knotty alder, VG fir, meranti, and other fine woods, the Heritage Classic™ is one of the finest carriage house style garage doors Hörmann offers. The distinctive carriage house look makes it easy to match doors on a detached garage or barn with doors on your home.

Although they resemble old-fashioned swing doors, Heritage Classic™ garage doors are constructed with completely modern materials. Unique features include heavy-duty wood frame, 3-section design, custom arches, water break at the base of the door, and commercial grade industrial hardware.

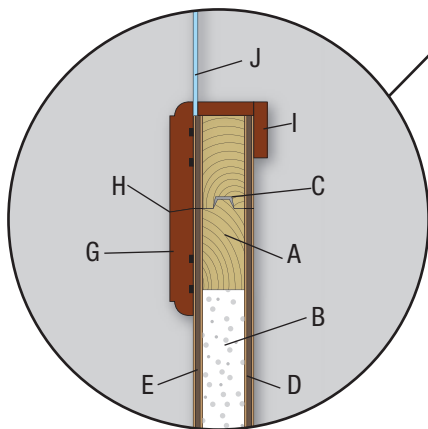

Durable and long-lasting, the distinctive look of the Heritage Classic™ will enhance the appeal of your home for many years to come.

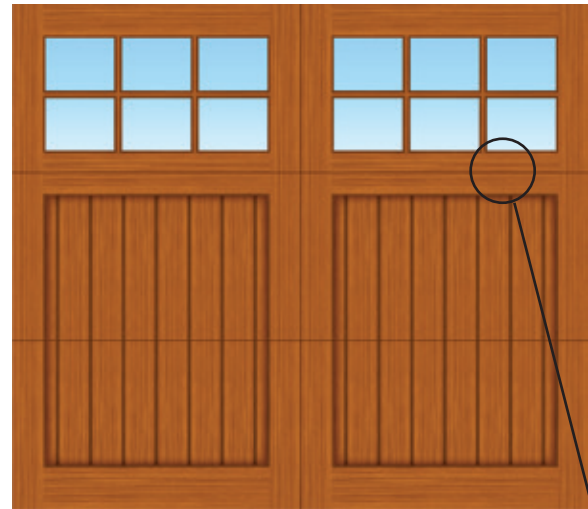

E Series

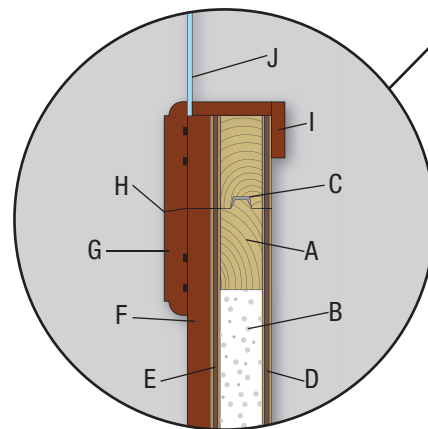

Overall Thickness, Nominal 2-1/4"

C Series

Overall Thickness, Nominal 2-7/8"

- A - Heavy-Duty nominal 1-1/8" thick Hem/Fir frame
- B - Nominal 1-1/8" Polystyrene (EPS) insulation
- C - Tongue & Groove section joints
- D - (Back) Nominal 1/4" exterior grade plywood pressure laminated to frame with waterproof contact adhesive (Luan standard)
- E - (Front) Nominal 1/4" exterior grade plywood pressure laminated to frame with waterproof contact adhesive (Luan standard)
- F - (C-Series Only) 1x6 T&G wood applied vertically to the door face using Marine Grade urethane adhesive and toe nailed with stainless steel fasteners. (Western Red Cedar or Meranti standard)
- G - Nominal 5/8" wood overlay, relief cut to resist twisting or warping then adhered to the door face with waterproof adhesive and stainless steel pin nails. Pin nail holes are filled with putty and sanded smooth on paint grade doors, stain grade doors are not filled. (Western Red Cedar or Meranti standard)
- 7° taper on overlay at section joints
- H - Nominal 3/8" removable wood window stop (material to match overlay material)

Heritage Classic™

Heritage Classic™

Door Models

Heritage C 8360

THE PREMIUM CHOICE FOR MAXIMUM CUSTOMIZATION

The Heritage C 8360 of our Heritage line offers unmatched versatility and premium construction. With its robust 2-7/8" profile including a T&G layer and Meranti overlay material, this model delivers superior depth and craftsmanship.

- Most comprehensive T&G face options including inlay materials (1" x 4" and 1" x 8"), Face Meranti, and Extira options
- Complete finish flexibility - choose Primer Paint OR Stain Grade (interior, exterior, or both)
- True Divided Lites available for authentic window detailing
- Full custom build capabilities - Western Red Cedar and specific wood finishes available
- Premium Meranti Overlay Material for versatility and durability
- Ideal for customers seeking the highest level of personalization and traditional craftsmanship

Heritage X 8380

THE MODERN, LOW-MAINTENANCE SOLUTION

The Heritage X 8380 offers excellent value with its durable Extira construction and streamlined specifications. Featuring the same substantial profile with a T&G layer.

- Extira overlay material - engineered for superior weather resistance and low maintenance, resists moisture, rot, and termites
- Simplified specifications reduce decision complexity while maintaining quality
- Paint-ready construction optimized for beautiful, durable painted finishes
- Essential T&G face options available (vertical/horizontal, diagonal, herringbone, diamond)
- Perfect for customers prioritizing durability and ease of maintenance with painted doors

Heritage E 8340

THE VERSATILE, VALUE-ORIENTED OPTION

The Heritage E 8340 delivers solid quality in a more economical profile. At 2-1/4" overall thickness without a T&G layer, this model focuses on beautiful overlay designs while offering material and finish flexibility.

- Slimmer profile (2-1/4") provides cost-effective construction
- Material choice flexibility - select Meranti OR Extira overlay to match your needs
- Full finish options - Paint OR Stain Grade available despite simpler construction
- True Divided Lites option maintains premium window aesthetics
- Custom build options still available for specific wood finishes
- Ideal for budget-conscious customers who still want quality overlay designs and finish flexibility

Heritage Barn 8320

THE AUTHENTIC BARN DOOR

The Heritage Barn 8320 is purpose-built for classic barn door aesthetics without window interruptions. With flexible profile options and distinctive barn-style overlay designs, this model delivers authentic character for applications prioritizing solid construction.

- No Windows - uninterrupted overlay patterns for authentic barn door styling
- Material choice - Meranti OR Exira overlay construction
- Full finish options - Paint OR Stain Grade (interior, exterior, or both)
- Exclusive barn door designs - includes unique Crossbuck "L" or "M" patterns
- Overlay designs: 1, 2, 3, A, V, K, X (Note: "X" & "3" not paired with "L" or "M")
- Custom build options - Western Red Cedar and specific wood finishes available

Heritage Flush 8300

THE MINIMALIST DESIGN - CLEAN, CONTEMPORARY LINES

The Heritage Flush 8300 delivers sleek, modern aesthetics with its ultra-slim profile and clean face design. At just 1-5/8" to 2" overall thickness with no overlays, this model is perfect for contemporary applications where simplicity and minimalism are paramount.

- Slimmest profile - 1-5/8" standard (2" for doors over 18' wide)
- Clean, flush face - NO overlays, profiles, or T&G patterns for a sleek design
- Reduced width range - Standard 8'-18' wide (vs. 8'-20' on other models)
- Window options available - 1/8" or 1/2" Clear Tempered (1-8 Grid)
- Full finish flexibility - Paint OR Stain Grade (interior, exterior, or both)
- Limited arch options - Standard Single Arch only (no double arch standard)
- Custom build flexibility - Additional or specially placed stiles, V-Groove Overlay option, non-standard section counts
- Streamlined construction - Frame and face material only, no overlay complexity
